1. WHO WE ARE?

The Commission for Victims and Survivors was established in May 2008 under the Victims and Survivors Order 2006, as amended by the Commission for Victims and Survivors Act 2008.

The Commission is a Non-departmental Public Body of the Executive Office (formerly OFMDFM). The principal aim of the Commission is to promote the interests of victims and survivors of the Troubles/Conflict.

The Commission is unique in its construction and remit. Founded in May 2008 in the aftermath of forty years of conflict in Northern Ireland and ten years after it was first recommended in the Good Friday/Belfast Agreement which states:

"The participants believe that it is essential to acknowledge and address the suffering of the victims of violence as a necessary element of reconciliation. They look forward to the results of the work of the Northern Ireland Victims Commission.

It is recognised that victims have a right to remember as well as to contribute to a changed society. The achievement of a peaceful and just society would be the true memorial to the victims of violence."

Anticipated by the Belfast/Good Friday Agreement in 1998, formulated in legislation in 2006, established by Ministers in 2008 and given a policy framework by the Northern Ireland Executive in 2009, the Commission's principal aim is to promote the interests of victims and survivors.

This aim is the central reference point for all of the Commission's work.

The Commissioner

The Commissioner for Victims and Survivors is appointed by the First and deputy First Minister for an initial period of four years. The post of Commissioner is currently held by Judith Thompson. The Commissioner also fulfils the function as the sole Board member to the Commission.

Staff at the Commission

The Secretary to the Commission is responsible for supporting the work of the Commission and the day to day management of the organisation.

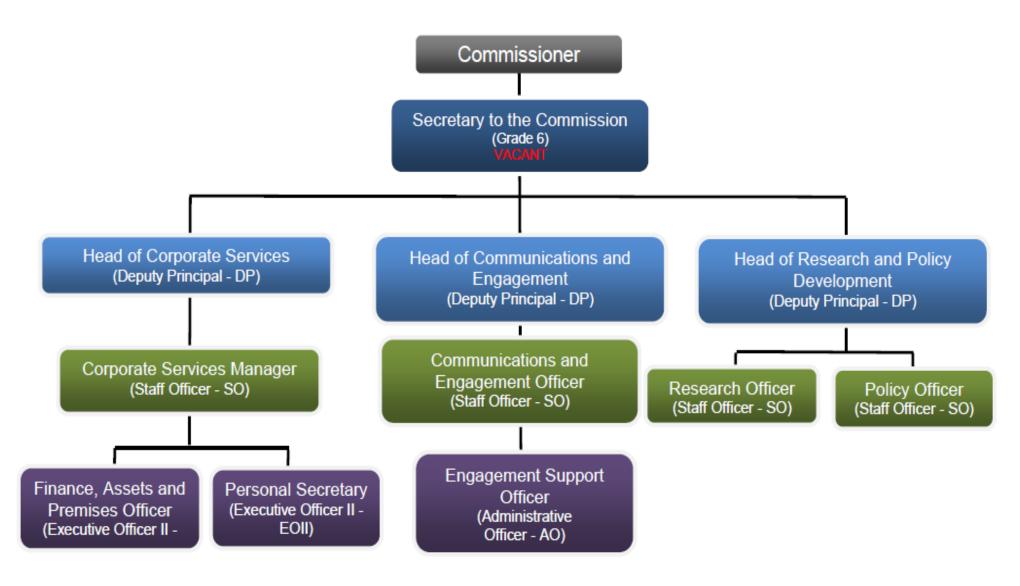

The Secretary is supported by three deputies, Head of Research and Policy Development, Head of Corporate Services and the Head of Communications and Engagement. These four members of staff make up the Commission's Senior Management Team.

The Senior Management Team is responsible for the leadership, strategy and priorities of the Commission and for the delivery of the Work Programme and Budget.

The staffing structure of the Commission is made up of 11 employees. Although the Commission has a small staff, they are highly experienced professionals whose skills reinforce working in partnership with the victims sector.

We continually seek to develop our staff in ways in which they are able to meet their full potential and enhance the contribution they make to the Commission's work. Staff are actively encouraged to research and learn about all aspects of their work and the issues important to victims and survivors.

Organisational Chart

2. WHY ARE WE HERE?

We exist primarily to fulfil our founding statutory duties set out in the Victims and Survivors Order 2006 (these are detailed in Section 3). In doing so we work under the strategic direction of the Victims and Survivors Strategy 2009-19 and we advise government on how it should address the comprehensive and complex needs of many victims and survivors. We also believe that supporting the needs of victims and survivors could make a substantial difference to life in Northern Ireland and contribute to many of the cross cutting outcomes in the draft Programme for Government 2016-21.

We however do not underestimate the scale of this issue. Research by the Commission indicates that almost one in three people in Northern Ireland consider themselves to be victims and survivors of the conflict. This equates to approximately 500,000 people and includes up to 200,000 adults with mental health problems, 40,000 people suffering with injuries and 3,720 families bereaved.

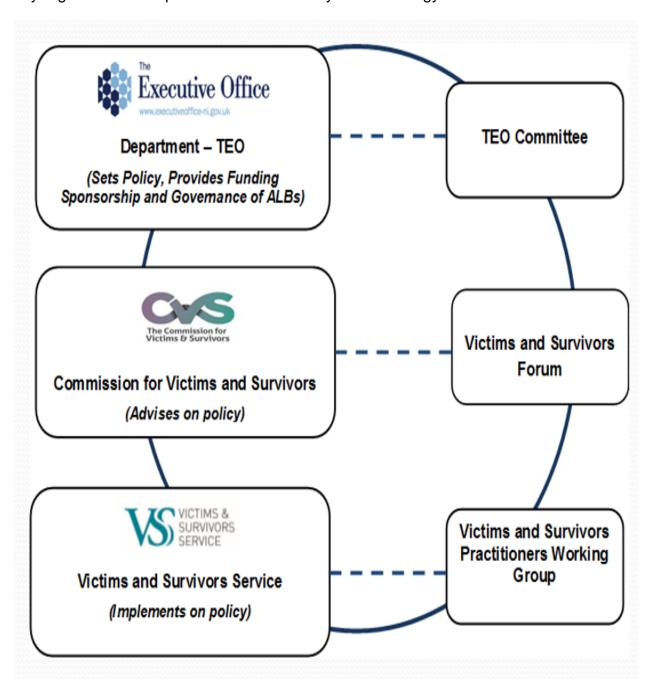

Victims and Survivors Strategy, 2009-2019

The three themes of dealing with the past, improving services and building for the future are underpinned by 11 overarching principles that we seek to adhere to:

- 1. Be victim and survivor centred and driven;
- 2. Address the practical and other needs of victims and survivors in a co-ordinated manner:
- 3. Ensure the services for victims and survivors are provided in response to assessed need, adhere to published standards and are designed to have clear outcomes:
- 4. Establish arrangements to ensure, through the work of the Commission and the Victims and Survivors Forum that the practical and other needs of victims and survivors are kept under review and that services are responsive to changing needs:
- 5. Promote collaborative working between statutory and voluntary organisations, community groups and others, where practicable;
- 6. Reduce the level of trauma for victims and survivors;
- 7. Build the trust and confidence of victims and survivors and assist them where this is consistent with their wishes and wellbeing, to participate on a sustained basis in the building of a shared and better future;
- 8. Ensure that while recognising their particular needs, victims and survivors work does not become isolated and that people should not be defined solely as a victim and survivor but as people with the same needs and aspirations as the wider population;
- 9. Ensure, so far as is practicable, that victims and survivors work is integrated with and can influence other government policies and initiatives;

- 10. Ensure that victims and survivors play an active role in the development of ways to deal with the past and other transitional mechanisms affecting their journey towards recovery and well-being; and
- 11. Assist victims and survivors, where this is consistent with their wishes and wellbeing, to participate as part of wider society in addressing the legacy of the past.

The Victims and Survivors Strategy also established the roles and responsibilities of the key organisations responsible for the delivery of the strategy as illustrated below:

Comprehensive Needs Assessment, 2012

This research concluded on 7 key areas of need affecting victims and survivors that must inform our plans, policies and practices in dealing with victims and survivors:

1. Health and Wellbeing

- Ensure sufficient capacity exists
- Development of Pathways
- Ensure awareness of services and support
- Engagement with Health Professionals
- Development of Regional Trauma Service

2. Social Support

- Improve and maintain quality of life
- Contribution to a healthier and cohesive society
- Synergy with other programmes

3. Individual Financial Needs

- Uptake in schemes is monitored

4. Truth, Justice and Acknowledgement

- Customer care and understanding is improved within institutions dealing with the past
- Involve victims in the design and approach
- Offer other holistic support services

5. Welfare Support

- Meet and support welfare needs
- Signposting and referral mechanisms
- Bespoke Welfare advice

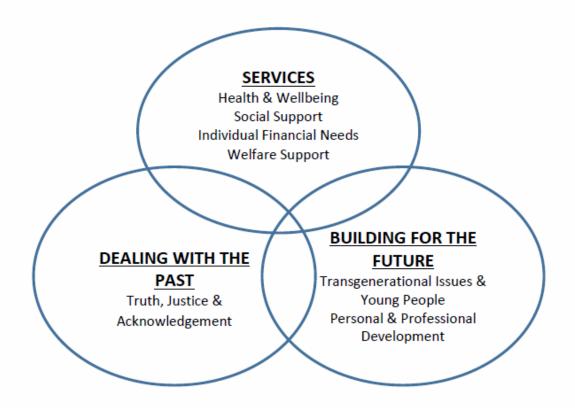

6. Transgenerational Issues and Young People

- Interdisciplinary approach
- Interagency approach
- Family therapy

7. Personal and Professional Development

- Network and link with other providers of personal development
- Add value with an Education Bursary

The three strategic themes of the Victims and Survivors Strategy and the seven areas of need identified in the Comprehensive Needs Assessment are interrelated and interdependent as illustrated below:

Draft Programme for Government 2016-21

The work of the Commission has also been aligned to the draft Programme for Government outcomes as follows:

- Outcome 4 We enjoy long, healthy, active lives;
- Outcome 5 We are an innovative, creative society where people can fulfil their potential;
- Outcome 7 We have a safe community where to respect the law and each other;
- Outcome 8 We care for others and we help those in need; and
- Outcome 12 We give our children and young people the best start in life.

Under Outcome 7 there is currently limited detail on the Respect Index and Increased Reconciliation. These broader societal issues are of interest to the Commission as part its strategic focus on Building for the Future.

3. HOW WE WORK?

Our Vision

Our Vision is to improve the overall wellbeing of victims and survivors.

Our Mission

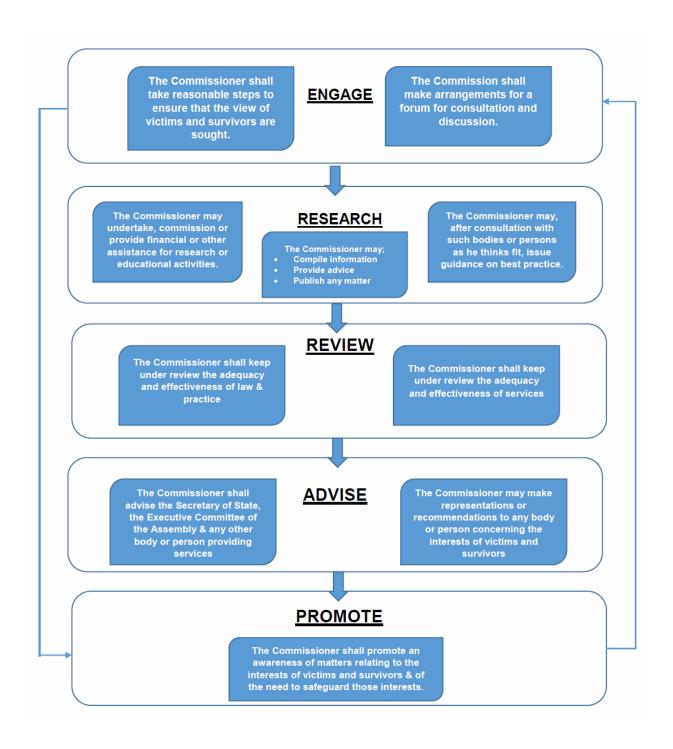

Our mission is to address the needs victims and survivors by addressing the legacy of the past, ensuring excellent service provision and building for a better future.

Our Values

All our work is underpinned by a number of core values. We use these in our day to day work and we seek outcomes based on the fulfilment of these values:

- **TRUST** Working confidentially, impartially and respectfully with victims and survivors and others to develop and sustain an open and honest relationship;
- UNDERSTANDING Listening to and learning from victims and survivors and others;
- **RESPONSIVE** Continually developing our people and raising service standards through growth and innovation;
- **ACCOUNTABLE** —Applying the highest level of corporate governance and professional standards to all that we do; and
- INDEPENDENCE Upholding our statutory duties and maintaining a critical distance to challenge Government and relevant authorities on behalf of victims and survivors.

Our work is primarily enabled by our statutory duties and powers. The way in which we work follows a set pattern of extensive engagement with victims and survivors; conducting and commissioning research to further explore any issues raised; review of services, law and practice affecting victims and survivors; formal policy advice and representation to government; and the promotion and communication of victim's issues in the wider public domain. This approach and our statutory duties and powers are outlined below:

Our Outcome Delivery Plan provides details of the specific activities and outputs required to fulfil these duties. The actual difference our work will make is set out as corporate outcomes in the next section.

We have an indicative resource budget of £813,000 over the 2018/19 financial year, and aim to utilise this budget to fulfil the duties of the Commission to the best of our ability. We use this budget to employ a fulltime Commissioner and 11 staff at our offices in Equality House, Belfast. The remainder of our funding enables us to carry out engagement, communication and research activities. Our research budget also includes additional funding of £250k secured through PEACE IV throughout the period of this plan.

4. HOW WE KNOW IF WE ARE MAKING A DIFFERENCE?

The detailed 2018/19 Outcome Delivery Plan provides specific details on:

- Key Performance Indicators grouped by the Commission's 6 Key Corporate Outcomes;
- Actions, activities, outputs and how they will be measured;
- Senior Responsible Officer for each programme area; and
- Resource Allocation (which includes programme budget, staff and overhead allocation).

Progress against each KPI will be colour coded using RAG status to illustrate where targets are:

Red There is a strong likelihood based on trends or evidence

that the target will not be achieved, or the target has been

missed.

Amber It is not currently on target but is being monitored and

action is being taken which is likely to ensure it is brought

back on target.

Green/Amber Broadly on track and there is justifiable confidence of

getting close to targeted outcomes

Green Target will be met with no issues identified

Blue Completed targets

Progress against outcomes is monitored on a weekly basis by the Commission's SMT, on a monthly basis by the Board and on a quarterly basis by the Commission's Audit and Risk Assurance Committee and at the Accountability meetings with the Department.

5. WHAT DIFFERENCE CAN WE MAKE?

In adopting an outcomes based accountability approach for this corporate plan, the Commission, Victims and Survivors Service and The Executive Office have worked collaboratively to draft strategic outcomes for all services and funding provided under the current strategy for victims and survivors.

These 5 outcomes have been framed around the 7 areas of need identified in the Comprehensive Needs Assessment as follows:

- 1. Improved health and wellbeing of victims and survivors;
- 2. Victims and survivors, and those most in need, are helped and cared for;
- 3. Victims and survivors, and their families, are supported to engage in legacy issues;
- 4. Children and grandchildren of victims and survivors are given the best start in life;
- 5. Improved access to opportunities for learning and development for victims and survivors.

Against these corporate outcomes, indicators have been identified and aligned with measures to monitor the extent of achievement for each of the outcomes.

Outcomes have also been aligned to draft Programme for Government outcomes to show the contribution these can make at a population level. The indicators and measures contained within this plan however are set at an organisational performance level to distinguish the difference the Commission can make and therefore be held accountable for.

The 5 outcomes are summarised in the following table and then followed by more explanation of how these outcomes can make a significant improvement to the lives of victims and survivors.

We have also identified a specific outcome for the efficient and effective governance and management of the Commission with detailed activities and outputs presented in our annual outcome delivery plan.

6. DETAILED OUTCOME DELIVERY PLAN 2018/19

Detailed in the plan are the key actions, activities, outputs, measurements and resource allocation for the organisation. It is underpinned by detailed Team Work Programmes and Individual Performance Plans of Commission staff.

The key actions follow our set pattern of engagement, research, review, advising and promoting strategic issues affecting victims and survivors.

Corporate Outcome 1: Improved health and wellbeing of victims and survivors

PfG Outcome 4 – We enjoy long, healthy, active lives.

KEY ACTIONS	ACTIVITIES AND OUTPUTS	MEASUREMENT	RESOURCE	SRO	RAG & COMMENTS
1.1. Forum contribution to improved health & wellbeing	Forum Summary Paper on Health & Wellbeing submitted to Commissioner by end of Quarter 4. Services Working Group convened to specifically focus on Health & Well Being issues and services Regular engagement with the Victims and Survivors Service on issues that arise for victims. Engagement and Forum representation on Service Users working group Regional Trauma Network	Forum paper to Commissioner is informed by experiences of members that enhances the quality of the advice provided Forum share knowledge and experience with other agencies End of year Policy Impact Statement will provide analysis and evidence of impact of outcome to date and projected future impact on policy or services.	£30,867	Head of C&E

Total Budget Allocation			£316,150		
Total Budget			£848,000		

7. WHEN WILL WE MAKE A DIFFERENCE?

We are working on our last corporate plan of the ten year Strategy for Victims and Survivors 2009-19. The collective outcomes set for period 2018-21 will be monitored on a quarterly basis using data emerging from the Victims and Survivors Service and our research programme.

The impact of funding administered under Victims Support Programme, Individuals Needs Programme and PEACE IV will also be evaluated annually within the annual Outcome Delivery Plan as illustrated below:

The Commission has also developed new monitoring arrangements which will fulfil the Commission's statutory duty to: 'keep under review the adequacy and effectiveness of services'. These new arrangements will cover all funding administered by the Victims and Survivors Service and will take account of two key strategic developments in recent months:

Standards for Services (as a measure of the 'Adequacy' of service provision);
 and

 Strategic Outcomes for Victims and Survivors (as a measure of 'Effectiveness' of service provision).

These new arrangements have been illustrated below to highlight the flow of outcome data and standards data which will provide assurance at an operational, policy and strategic level:
