Commissioner for Public Appointments for Northern Ireland

Business Plan 2016 - 2017

“Guardian of the Public Appointment Process”

Vision

The CPA NI vision is to ensure that all public appointments are made on merit, in a fair and open manner and that opportunities to serve on the boards of public bodies are open to the widest possible field of candidates.

CPA NI

The post of Commissioner for Public Appointments for Northern Ireland was established in 1995, in response to the first report of the Committee on Standards in Public Life (the Nolan Committee).

The Commissioner is independent of Government.

This is the Business Plan of CPA NI covering the period April 2016 - March 2017. It sets out the statutory duties of the Commissioner and the approach that the Commissioner and her office (CPA NI) will take to fulfil those duties during the coming year.

Core Values

The core values of CPA NI reflect the seven key principles of public appointments. They are that public appointments should be made on the basis of:

Merit

Diversity

Equality of Opportunity

Openness, Transparency and Independence

Integrity

Proportionality

Respect

Mission Statement

The CPA NI mission is to regulate and monitor public appointments to ensure that every Government Department operates systems that allow every citizen who wishes to contribute to the working of public bodies, who has skills or experience to contribute and who has the motivation and integrity to serve, to put his/her self forward for appointment and be treated, throughout the public appointment process, in a manner that is fair, consistent, open and transparent, with the goal of selecting the best candidates, on merit, for board service.

Statutory Duties of the Commissioner

CPA NI was established to regulate and monitor the compliance of the Departments with the Commissioner's 'Code of Practice for Public Appointments in Northern Ireland' (the Code). The Commissioner also provides advice and guidance, in the context of her Code, on processes of selection for public appointment, and she investigates complaints.

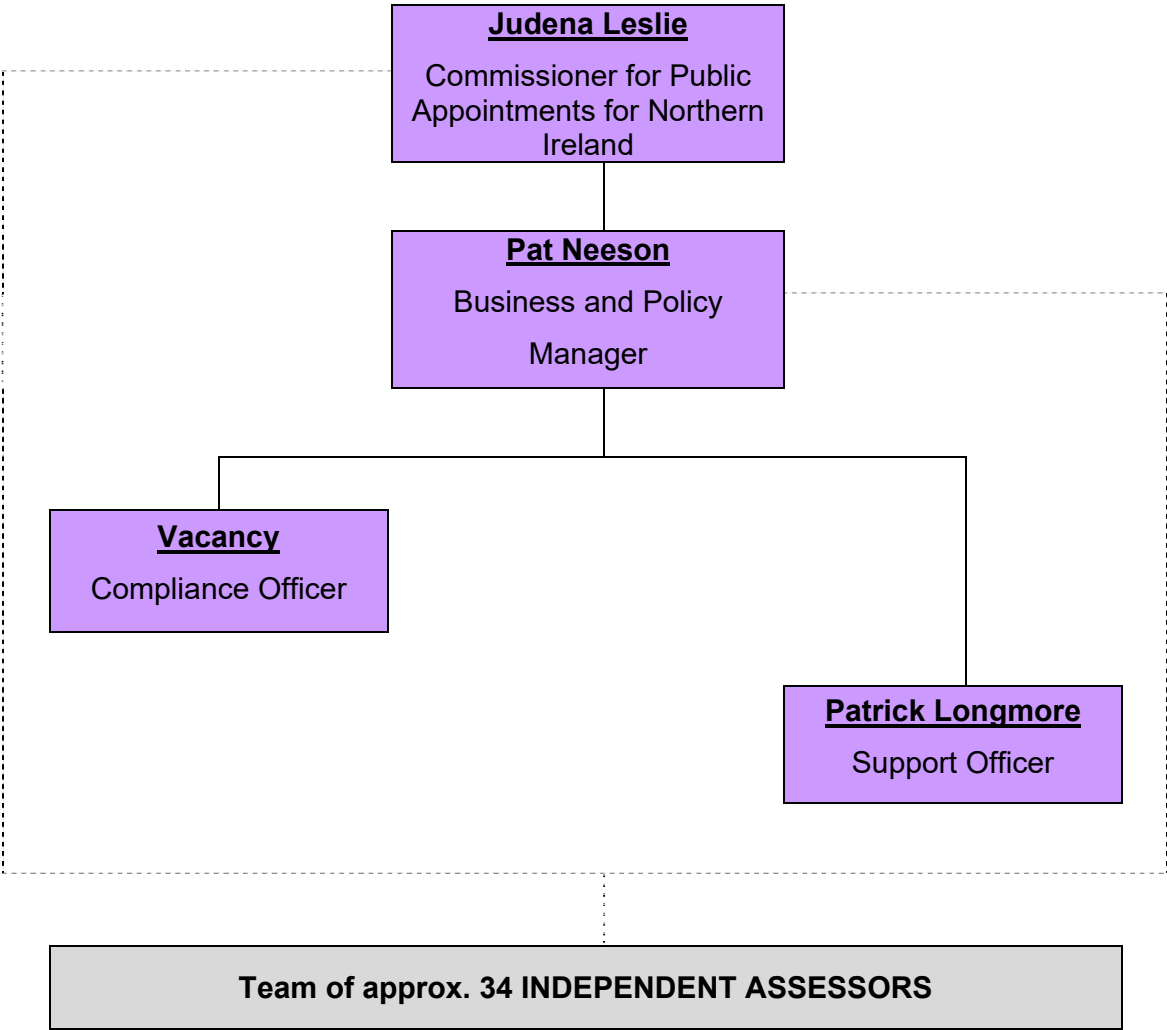

The statutory duties of the Commissioner are set out in the Commissioner for Public Appointments (Northern Ireland) Order 1995 as amended. They are:

1. The Commissioner shall in the manner she considers best calculated to promote economy, efficiency and effectiveness in the procedures for making public appointments, exercise her functions with the object of maintaining the principle of selection on merit in relation to public appointments.
2. The Commissioner shall prescribe and publish a Code of Practice on the interpretation and application by Departments of the principle of selection on merit for public appointment and shall adopt and publish from time to time such additional guidance to Departments as the Commissioner shall think fit.

3. The Commissioner shall carry out an audit to review the policies and practices of Departments in making public appointments to establish whether the Code of Practice referred to in paragraph 2 is being observed.
4. The Commissioner may require any Department to publish such summary information relating to selection for public appointments as she may specify in writing.
5. The Commissioner may from time to time conduct an inquiry into the policies and practices pursued by a Department in relation to any public appointment or description of any public appointment.
6. The Commissioner shall publish an annual report.

ORGANISATIONAL STRUCTURE

Commissioner for Public appointments for Northern Ireland

Key objectives

1. Diversity

From the outset of her appointment in September 2015 the Commissioner has made it clear that she intends to promote vigorously the objective of diversity on public boards in Northern Ireland. She pays tribute to the excellent work of her predecessor John Keanie in this area.

In March 2016 the First Minister and deputy First Minister wrote to the Commissioner to inform her of the Executive agreement to a number of measures aimed at achieving greater diversity on the boards of our public bodies. The key measure is the setting of targets for achieving gender equality in public appointments. These are:

- By 2017/2018 for appointments made in-year.
- By end year 2020/21 for all appointees in post, with equality reflected in board membership and at chair level.

The Northern Ireland Executive target for gender equality for chairs of public bodies breaks new ground and leads the way in the UK. Similarly there is no equivalent measure within the Republic of Ireland. NI Executive Ministers are to be commended for this forward thinking.

The promotion of these targets will be a key objective for this office during the period of this Business Plan and beyond. This approach is reflected across a number of our own targets in particular those relating to audit and compliance monitoring, training of Independent Assessors and liaison with stakeholders.

2. Promoting good governance

CPA NI wishes to work with other interested bodies in promoting good governance across its public sector bodies. In promoting high standards of governance we wish to see our public bodies leading the way for other sectors. The challenge is to develop Northern Ireland's reputation as a high functioning administration and economy. This objective is an integral part of the NI Executive's shared future vision which aspires to a society that is increasingly attractive to live in and invest in.

3. Resources under pressure

I am very conscious that in the public sector everyone must seek to do more with fewer resources and CPA NI is not immune from this. There are a number of new pressures on this organisation. The changes in Departmental structures and the changes in staff as a result of both this and the NICS policy to reduce staffing levels means that in some cases Departments have lost staff experienced in public appointments. As

anticipated there has been an increase in requests seeking advice from CPA NI. In addition the new Ministerial targets on diversity and the renewed focus in CPA NI on achieving diversity creates resourcing challenges. One of the best ways of achieving this is through greater sharing of information and expertise between organisations and individuals. CPA NI is committed to this approach and has already put it into practice by working with Departmental officials to deliver on an outreach programme. Nevertheless it may be necessary to make a bid during the period of this business plan for a modest increase in CPA NI staffing resource.
