Foreword

I have pleasure in submitting the 2018/2019 Annual Report on the work of DfI Roads across the Fermanagh and Omagh District Council Area.

This report deals with works completed across the Council area during the year 2017/2018 and sets out our initial proposals for schemes to be undertaken in the year 2018/2019. The opportunity is also taken to provide an update on the strategic roads schemes that are being taken forward and which will benefit the wider Fermanagh and Omagh District Council (F&ODC) area.

Funding is allocated to the Division under two categories; capital funding for new works or renewal of infrastructure and resource funding for the day to day maintenance of our assets. On the capital side funding has allowed a number of important major schemes to be progressed with the A5 WTC dualling project, Enniskillen Southern Bypass and Strathroy Link Road moving through the various stages. Regarding the A5 dualling project, despite a positive outcome to the Public Inquiry process, progression of the scheme to the construction stage is again the subject of a Judicial Review with a hearing scheduled for September.

In 2017/2018 special funding was made available to address the damage caused by the flooding event and indeed this funding has extended into the current year to allow further works to be carried out; outstanding works relate mostly to bridge repairs or replacement. The repair of these roads and bridges is covered in more detail within the body of the report.

Capital funding also influences our Structural Maintenance and Local Transport and Safety Measures programmes which in any year are based on available budgets. In the current year we are pleased to welcome increased levels of funding with £75m allocated for structural maintenance of which £15m has been set aside for a 'roads recovery fund' which is being used to address areas of immediate need across the road network. Of this approximately £1.84 million has been allocated to the F&ODC area.

On the resource side there is only a slight increase on the 2017/2018 budget and

there remains a significant reliance on in year funding to deliver core services. That

said the slight increase now allows the Department to repair defects greater than

50mm on all roads including low trafficked rural roads which last year had a repair

threshold of 100mm. Funding levels for the current year will also allow the

Department to cut grass on roadside verges twice and this will be carried out

between April and October. These improvements in service are welcome and were

in no doubt influenced by the input and comments from the public and elected

representatives during the preceding year.

Our Request/Enquiry forms can be used to raise local issues with the Department, or

deal with matters that are not directly related to my report. You will also be aware

that we have implemented an on-line fault reporting for a full range of roads related

issues through NI Direct. I would encourage Councillors to avail of this facility on NI

Direct. My operational staff are of course also available to assist with queries.

I hope that you find this report informative. The Department values constructive

comment on all its activities and I, along with Section Engineers Maurice Clarke and

Sean Hackett, look forward to meeting the Council.

Conor Loughrey

Divisional Roads Manager

Conor Long long

18th June 2018

Western Division

Western Division is one of four Client Divisions within Dfl Roads. It spans the local Council areas of Fermanagh and Omagh, Derry City and Strabane and Mid-Ulster.

In Western Division we are responsible for approximately 9712km of public road together with 2816 bridges, and 64,147 street lights, 124 controlled crossings (Pelican/Puffin/Toucan & Zebra type), 117 traffic signalised junctions. We carry out functions under the headings:-

- Strategic Road Improvements Road Improvement Schemes greater than £1.5Million on the strategic road network
- Network Maintenance Maintenance of Roads and Structures
- Network Development Street Lighting and Road Improvement Schemes up to £1.5Million
- Network Planning Development Control, Private Streets and Area Plans

Divisional Headquarters County Hall Drumragh Avenue Omagh Co Tyrone **BT79 7AF**

Telephone: (0300) 200 7894 After hours: (028) 8224 1999

Western Division - Senior Management Team

Conor Loughrey
Divisional Roads Manager

The Senior Management Team and their areas of responsibility are listed below. Day to day matters should be raised in the first instance with the relevant Senior Engineers whose details are listed at the start of each section.

Alan McMurray
Network Maintenance Manager

Road maintenance operations, structural maintenance planning and programming, inspections, road maintenance standards, utility street works, winter service

Seamus Keenan
Strategic Road Improvement Manager
A5 Western Transport Corridor Manager

David McKinley
Strategic Road Improvement Manager
Major works schemes (excluding A5WTC);
Highway Structures

Harry Gallagher

Network Development Manager

Traffic Management, Street Lighting, Local Transport and Safety Measures schemes

Darren Campbell

Network Planning Manager

Development Control, Private Streets, Area Plans

1.1 A5 Western Transport Corridor (A5WTC)

The A5 Western Transport Corridor (A5WTC) is a Northern Ireland Executive flagship project which aims to provide 85 kilometres (55 miles) of dual carriageway from New Buildings through to the border at Aughnacloy. The A5WTC scheme is currently split into 4 phases as follows (see above map):

- Phase 1A: New Buildings to north of Strabane;
- Phase 1B: south of Omagh to Ballygawley;
- Phase 2: north of Strabane to south of Omagh; and
- Phase 3: Ballygawley to the border at Aughnacloy.

A Public Inquiry administered by the Planning Appeals Commission (PAC) commenced on October 2016 and concluded on December 2016. The Department received the PAC report from this inquiry in May 2017 which recommended that the scheme should proceed in the wider public interest. It also made a series of recommendations to the Department, the vast majority of which the Department has accepted in taking the scheme forward.

In November 2017 the Department published the Department's Statement and Notice of Intention to Proceed with the scheme. The Direction Order, which sets the line of the new road in legislation, was made at this time to include for phases 1A, 1B and 2, i.e. covering the length of the scheme between New Buildings and Ballygawley. The Vesting Order for Phase 1A (New Buildings to north of Strabane) was also made, both Orders coming into effect in early January 2018.

Officials from the Department and its consultants subsequently met with landowners affected by the Vesting Order for Phase 1A during April 2018 to discuss accommodation works and it was also planned to carry out archaeological investigations at some locations along Phase 1A later this year.

The Department however received a legal challenge to the scheme in December 2017 and a High Court hearing is scheduled to be heard in early September 2018 with a ruling anticipated before the end of this calendar year. An outcome in favour of the Department could see construction commence in early 2019. However, an appeal or unfavourable outcome would delay this further.

1.2 SRI Schemes (excluding A5WTC)

1.2.1 Enniskillen Southern Bypass

The Preferred Route Corridor for the Enniskillen Southern Bypass was announced in July 2011. Initial surveys and ground investigations were completed and design development allowed various route options to be analysed. Initial meetings were held with affected landowners. This work led to the selection of an Emerging Preferred Route which was announced at a Public Information Day at the Ardhowen Theatre on 17 June 2015.

The Draft Orders and Environmental Impact Assessment Report (EIAR) associated with the Preferred Route were published during w/c 26th March 2018 and the statutory consultation period ended on 18th May 2018. The Bridge Orders were published w/c 9th April and the statutory consultation period ended on 8th June.

A public information day was held on 12th April 2018 to announce the publication of the Draft Orders and EIAR and invite comment.

Comments received during the consultation period are currently under consideration and a decision regarding the need or otherwise for a Public Inquiry will be made in due course.

Remnants uncovered of a Bronze Age dwelling in Lisgoole Estate in September 2017

1.2.2 Improvements on the A32 from Enniskillen to Omagh

The Department for Infrastructure has in place a Road Improvement Strategy for the A32 Omagh to Enniskillen route. A package of schemes has been identified which will improve the quality of the route, enhance road safety and reduce journey times for all road users.

The Department is currently developing road realignment schemes at Cornamuck and Kilgortnaleague which will complement the completed schemes at Shanarragh and Drumskinny. Whilst there is currently no budgetary provision for these projects, the Department published the draft Orders and Environmental Statement for the Cornamuck scheme (between Dromore and Irvinestown) in summer 2015. The Direction Order was made in Autumn 2015 and lands were vested in March 2017 in anticipation of funding becoming available to allow procurement and construction to proceed as quickly as possible. Archaeological investigations and works to remove vegetation have recently been completed.

Site Clearance at A32 Cornamuck

Design work on the Kilgortnaleague realignment, between Irvinestown and Enniskillen, has also progressed and a Preferred Corridor has been identified. Alignment options within the Preferred Corridor are currently being developed for consultation and work has progressed on the Flood Risk Assessment Report.

The progression of further improvement works on the A32 will again depend on the outcome of future budgetary settlements.

1.2.3 Strathroy Link Road

The Education Minister recognised the need for significant development work on the local road network to facilitate the Strule Shared Education Campus and gave a commitment to fund the construction of the Strathroy Link Road. The Department for Infrastructure engaged consultants to assist the delivery of the link road and the Vesting Order came into effect in March 2017. The estimated total cost of the scheme is £7m and the Department for Education is providing a contribution of £6m.

The contract was awarded at the beginning of June 2017 and construction is progressing on both the road and the floodwall.

The Strathroy Link Road scheme comprises approximately 1km long single carriageway link road connecting the B84 Derry Road to the U1526 Strathroy Road. The scheme will feature a 90m long bridge over the Strule River. Replacement of the flood wall at Hunters Crescent is also included within the Link Road construction contract.

EXPLANATION OF MAINTENANCE OPERATIONS

Resurfacing and Strengthening

Roads generally fail by cracking and rutting. They usually do not fail suddenly, but gradually deteriorate due to the impact of traffic, age and weathering. Wear normally appears as either excessive permanent deformation of the whole or part of the carriageway structure, or is associated with the cracking of the bituminous layers.

Road pavements are normally designed for an operational life of 20 years. During this period and beyond, there is a need for the highway authority to intervene at times to either treat or replace the top course of bituminous material known as the "wearing course" or to provide additional depth to preserve the structure of the pavement and extend its life.

Resurfacing is the application of a layer of this mixed material of 40mm (1.5") minimum thickness. It strengthens the road, seals it against the ingress of water, and improves skidding resistance and riding quality. The thicker the layer, the more strength imparted.

Wearing course bitmac has an expected life of 7-12 years (which can be extended by subsequent surface dressing) whereas asphalt has an expected life of 15-20 years but costs more.

Resurfacing of existing roads can usually be carried out on top of the existing surface (overlay) but where kerb levels or bridge heights are restricted the existing surface may need to be removed by planing.

Surface Dressing

This process involves spraying a bitumen emulsion binder onto the existing road surface, followed by a layer of stone chippings, which is then rolled. It has three main purposes:-

- to improve skidding resistance of the surface
- to seal the road surface against ingress of water
- · to prevent deterioration.

DEALING WITH CORRESPONDENCE/PUBLIC INTERFACE

As you will be aware following a restructuring exercise the Department has adopted a new approach in relation to dealing with some queries that come our way. It is perhaps worth refreshing on this process and the background to it.

Dfl lost a significant number of staff through the Voluntary Exit Scheme which was implemented across the whole of the Northern Ireland Civil Service. As a result of this Divisions had to develop new staffing structures across all work areas to try to maintain an acceptable level of service.

One area of significant workload is dealing with correspondence. The Department, and in particular Dfl Roads, receives a large volume of correspondence from the public and public representatives throughout the year. Indeed, the level of correspondence has been increasing in recent years at a time when staff resources have been reducing.

In a large number of cases the correspondence relates to reports of individual defects on the road, such as potholes, blocked gullies, defective street lights etc. In order to improve efficiency the Department now deals with correspondence which is only reporting routine defects differently from other general correspondence. Therefore if a member of the public, or public representative, writes to the Department by letter or e-mail, reporting a routine defect then our staff will simply log this information onto our work systems and an automated response detailing the query reference number will issue to the correspondent. Technical staff will then deal with the query received in accordance with our maintenance standards.

If the initial letter relates to a more general roads issue rather than simply reporting a defect, a substantive reply will issue in the normal way.

In order to reduce the volume of general correspondence reporting routine defects, we are encouraging the reporting of defects through our on-line "Report a Fault" section on our website. Alternatively a phone call can be made to one of our telephone operatives who will record the details directly onto the "Report a Fault" system. You can report a fault on-line at nidirect.com or by telephone to 02890540540.

It is noted that the vast majority of dealings with the public are by phone or email and the number of visitors to our offices has reduced considerably as communication methods have improved. Therefore it has also been decided that the Section Offices will have reduced opening to public hours of 10am - 12noon although meetings outside of this can be arranged by appointment.

2.1 STRUCTURAL MAINTENANCE - Completed works 2017-2018

Resurfacing

A total length of 80.81 kms of road has been resurfaced in the 2017-2018 financial year at a cost of £5.6 million. Below are details of the most significant lengths of schemes undertaken.

Resurfacing on Trunk Road Network 2017/2018: (Fermanagh & Omagh West)

Road No.	Road Name	Length (M)
A4	Sligo Rd. Drumawill	328
A4	Sligo Rd Rossole	1200
A4	Friths Pass	196

Resurfacing on the remaining road network 2017/2018: (Fermanagh & Omagh West)

Road No.	Road Name	Length (M)
B80	Tempo Road	1590
B127	New Bridge Road	203
A47	Killadeas Road	1890
A35	Kesh Rd	725
B515	Nutfield Road (Stranafeley)	720
B515	Nutfield Road (Lisolvan)	1740

Flood Alleviation

Following the severe flooding in August 2017 additional funding of £2.94m was made available to be targeted towards bridge replacement and road reconstruction. It was recognised that the most major problems were in the Gortin/Greencastle area and the following roads were selected for repair:

Road No	Road Name	Description
U1235	Liggins Road	3 slips and 1 culvert
C612	Gorticashel Road	10 slips and 2 culverts
U1234	Camcosy Road	4 slips and 2 culvert
U1244	Crockanby Road	2 slips
U1252	Innisclan Road	2 slips
C612	Drumlea Road	1 slips
U1231	Mullaghbane Road	2 slips and 1 culvert
U1229	Gorticashel Road	2 slips and 1 culvert
U1226	Meenadoo Road	2 slips
B46	Crockanboy Road	1 culvert
U1232	McConnels Branch	3 slips
U1228	Glenforan Road	1 slips
C554	Aghascrebagh Road	1 slips
U1224	Liscrabble Road	1 slip and 1 culvert

Completed Drainage Work 2017-2018 (Fermanagh & Omagh West)

Each year a number of drainage schemes are carried out throughout the Section. These vary from the replacement or upgrading of culverts to the installation of gullies where flooding has been an issue.

Road No.	Road Name	New drainage, new gullies
A47	Killadeas Road	150 metres new pipe & gullies
A34	Moorlough Road	Replacement gullies
B4	Market Street Ederney	60 metres new pipe & gullies

Culverts were replaced on the following roads:

Road No.	Road Name
A509	Derrylin Road
U8522	Leighan Road
C445	Knockmore Road
U8057	Tonyvarnog Road
C436	Inishmore Road
U9459	Leggitilda Road
U9171	Drumshancorrick Road
A34	Lisnagole Road
U8084	Derriens Road

Completed Drainage Work 2017-2018 (Fermanagh & Omagh East)

The drainage schemes completed during 2017-2018 in Fermanagh & Omagh East are as follows:

Road No.	Road Name	New drainage, new gullies
U1216	Farburn Road	Pipes and Gullies
U304	Fallaghearn Road	Extended culvert with headwall
U1301	Edergoole Road	Repair culvert

Culverts were replaced on the following roads:

Road No.	Road Name
U1235	Liggins Road
C612	Gortichasel Road (2 Culverts)
U1234	Camcosy Road (2 Culverts)
U1231	Mullaghbane Road
U1229	Gorticashel Road
B46	Crockanboy Road

Completed Footway resurfacing 2017/2018: (Fermanagh & Omagh West)

Last year we resurfaced 1.014 km of footway in the Fermanagh area, some in conjunction with the resurfacing of a road or other works.

Road No.	Road Name	Length (m)
B108	Clabby	230
U6511	Hollyhill Road	302
U6003	Forthill Park	186
A32	Dromore Rd	40
U9425	Drumgoon Rd	145
A4	Sligo Rd	111

Completed Footway resurfacing 2017/2018: (Fermanagh & Omagh East)

Last year we resurfaced 0.41 km of footway in the Omagh area, some in conjunction with the resurfacing of a road or other works.

Road No.	Road Name	Length (m)
B46	Main Street, Trillick	120
B122	Ecclesville Road	124
U3151	Woodview Crescent	110
U3680	Maryville Park	222

2.2 ROUTINE MAINTENANCE COMPLETED 2017-2018

Grass Cutting.

With the limited budget available it was possible to cut the grass verges twice on A, B, and C roads; and once on Unclassified Rural roads last year, with the work being completed by the end of September 2017.

Defects

Section Office staff regularly inspect the local network for actionable defects in accordance with the Road Maintenance Guidelines. These guidelines classify the local roads according to traffic volume and establish corresponding deadlines for the repair of any defects identified.

During this past year In Fermanagh & Omagh West 5327 priority defects were recorded with 75.75% being repaired inside the specified timescales. In Fermanagh & Omagh East 4402 priority defects were recorded with 65.38% being repaired inside the specified timescales

Drainage 2017-2018

In Fermanagh & Omagh West 10286 road gullies were cleaned to assist in controlling surface water and maintain roads in a safe and passable condition. In Fermanagh & Omagh East 19839 road gullies were cleaned.

Public Liability Claims (Fermanagh & Omagh) 2017-2018

In 2017-2018 we received 509 new claims for compensation. This was made up of:

- 473 claims for vehicular damage,
- 26 personal injury
- 10 for property damage.

In the same period £51,964.68 was paid out on 117 claims, some of which covered settlements relating to previous years.

There were 58 claims rejected during this period.

2.3 WINTER SERVICE 2017-18

The official winter maintenance period commenced on 1st October 2017 and ended on 8th April 2018. Generally the winter was colder than previous years with three significant snow events throughout the period. There were a greater number of marginal nights than previously where intermittent showers caused difficult conditions on several occasions.

Fermanagh & Omagh West

During the winter of 2017/18 there were 129 occasions when salt was applied to the 406 km of roads on the gritting schedule using 5795 tonnes of salt, an increase of 116% over the previous year when there were 59 salting actions. The first application of salt took place on 7th November 2017 and the last on 4th April 2018.

Fermanagh & Omagh East

During the winter of 2017/18 there were 132 occasions when salt was applied to the 478 km of roads on the gritting schedule using 7197 tonnes of salt, an increase of 152% over the previous year when there were 54 salting actions. The first application of salt took place on 22 October 2017 and the last action was on 4 April 2018.

Loading a lorry for a gritting action

2.4 STREET WORKS

Dfl Roads monitors the installation, maintenance and removal of utility plant within the public road network. The activities of Statutory Utilities are controlled under the *Street Works* (*Northern Ireland*) *Order 1995* and a range of Codes of Practice.

An electronic web-based system is used for DfI Roads and utilities to exchange street works information. This system, NISRANS (the Northern Ireland Street Works Registration and Notification System) is a jointly owned system involving DfI Roads and most utility/communication companies which have statutory rights to place and maintain their apparatus in or on the public road network. DfI Roads can also use NISRANS to control utilities street works activities. Approximately 30% of statutory inspections are carried out at works stage and subsequent stages prior to accepting reinstatements as final. The cost of these inspections is covered by the utilities.

All reasonable efforts to minimise disruption and delay to road users is employed through advertised road closures and co-ordination of these street works.

All openings (except for emergencies) are notified in advance on the electronic Street Works Gazetteer operated by Symology and monitored by Dfl Roads.

Over the past year 1858 notifications of intention to excavate in the highway were made by the various utilities in the Fermanagh & Omagh West area, of which 730 were subject to inspection. Of those reinstatements inspected 10.1% were classified as unsatisfactory. In the Fermanagh and Omagh East District Council area, 2143 notifications of intention to excavate in the highway were made of which 982 were subject to inspection. The inspections identified the need for 431 further action reports of additional action required by the Statutory Undertaker.

2.5 STRUCTURAL MAINTENANCE - Planned Works 2018-2019

Resurfacing

In the 2018-2019 financial year it is proposed to resurface the following roads at a cost of around £7.7m

Resurfacing on Trunk Road Network 2018-2019 (Fermanagh & Omagh West)

Road No	Road Name	Length (m)
A32	Tummery Rd at Drumharvey	1220
A32	Brownhill Link Rd	300
A4	Sligo Rd at Templeneffrin	1350
A4	Sligo Rd at Glencunney	835
A4	Belfast Road at Glassmullagh	1300

Resurfacing on Trunk Road Network 2018-2019 (Fermanagh & Omagh East)

Road No	Road Name	Length (m)
A5	Great Northern Road	640
A32	Omagh Road, Dromore	500
A505	Killyclogher Road	1660

Resurfacing – other roads (Fermanagh & Omagh West)

Road No	Road Name	Length (m)
A32	Swanlinbar Road	1500
A34	Moorlough Road Lisnaskea	500
A509	Derrylin Road at Fatts Cross	600
B72	Castlederg Road at Tonwore	600
B81	Ashwoods Road	700
B127	New Bridge Road Lisnaskea	1100
B80	Tempo Road (Killyvilly)	300
B80	Cullion Road Tempo	600
B72	Castlederg Road, Moneyvereece	300
B72	Manoo Road, Letterboy	500
B72	Manoo Road, Leighan	500
C415	Coa Road at MOT Centre	400
C437	Marble Arch Road	1400

In the event of additional in-year funding the following routes have been prioritised for inclusion in the resurfacing programme;

Road No	Road Name	Length (m)
B36	Dernawilt Road Donagh	700
B72	Castlederg Road Cruntully	800
B52	Lattone Road	1200

Resurfacing – other roads (Fermanagh & Omagh East)

Road No	Road Name	Length (m)
B4	Drumlish Road	1770
B4	Drumnakilly Road	700
B4	Hospital Road	660

Road No	Road Name	Length (m)
B4	Termon Road	2500
B50	Castlederg Road	650
B46	Cooley Road	1000
B46	Crockanboy Road	2120
B46	Galbally Road	1020
B46	Kilskeery Road	1500
B46	Moylagh Road	3560
B46	Tirooney Road	3100
B48	Glenpark Road	450
B48	Sedan Avenue	170
B158	Donaghanie Road	330
C405	St. Dympna's Road	450
C612	Gorticashel Road	618
C615	Lisnaharney Road	723
C625	Old Mountfield Road	350
C626	Loughmacrory Road	1530
C633	Whitebridge Road	2400
C663	Townview Avenue	510
U1227	Trinamadan Road	580
U1258	Lenamore Road	106

In the event of additional in-year funding the following routes have been prioritised for inclusion in the resurfacing programme;

Road No	Road Name
B4	Drumlish Road
C626	Loughmacrory/ Skeboy Roads
B50	Castlederg Road

£1.84 million has been allocated to the Fermanagh and Omagh Council area from the roads recovery fund. This will be targeted at areas in the most immediate need. The programme of works is still being developed and we would welcome member's suggestions in respect of any locations which they believe warrant attention.

Surface Dressing 2018-2019

This year it is proposed to surface dress approximately 319.5 kms of road in the Fermanagh and Omagh District Council area.

3.2.1 STRUCTURES - COMPLETED WORKS 2017-2018

STRUCTURES – FLOOD DAMAGE COMPLETED WORKS 2017-2018

On the 22/23 August 2017 there was a significant rainfall event across the NW of the province. Met Office reports confirmed 55.2 mm of rain fell within 24 hours, most of it falling in a 4 hour period. Approximately 63% of the average August rainfall fell in the affected area within a 8-9 hour period.

Resulting from the flooding event, an unscheduled inspection of the 650 affected bridges had to be completed, in total 89 bridges were identified as needing repair work or replacement.

61706/C642	Camlough Road, Carrickmore, Omagh	Bridge replacement scheme
60753/U731	Glenlark Bridge, Gorticashel, Gortin	Rock revetment repairs

	with cycle track provision
Derrylin	Lantern replacement with LED's
Teemore	Lantern replacement with LED's

3.3.2 PLANNED WORK 2018-2019

In the 2018-2019 financial year £638K has been allocated for capital street lighting works within the Fermanagh Omagh District Council area (including 405K for LED retrofitting of lanterns). This will be used to continue our general programme of improvement/replacement of older systems and the installation of additional energy efficient LED lanterns.

Opportunity will also be taken to improve street lighting in areas where other street works are planned.

The following street lighting works are currently planned for 2018-2019:

SCHEME TITLE	SCHEME DESCRIPTION
Belfast Road, Maguiresbridge	Street Lighting Renewal Scheme
Derry Road, Omagh	Street Lighting Renewal Scheme
Gargaddis Road, Trillick	Street Lighting Renewal Scheme

4.1 PLANNING CONSULTATIONS 2017-2018

Dfl Roads is a statutory consultee to the planning process and in carrying out this role provides specialist advice to the planning authority on roads and transportation related matters associated with proposed development.

Our Development Control Section examines a planning application from a number of different aspects including access to the public road, road safety, transportation, traffic progression and car parking depending on the type of application.

In the previous calendar year 2017 Development Control Section dealt with 1080 planning consultations in the Fermanagh & Omagh District Council area. These range from single dwelling applications to major housing & mixed use retailing applications.

4.2 PRIVATE STREETS

Private Streets

We have been successful in adopting 7 private streets within developments and a total length of 2.019 km has been added to the maintained network in the past year. These include:

Beechwood, Lisnaskea212mPhoenix Manor, Belleek130mRathfort Crescent, Belleek500mCastle Manor, Kesh367mLisnagort, Omagh145mCreevanmore Meadows, Omagh475mKnockcarra Grove, Omagh190m	Location	Adopted Length

Recently adopted: Knockcarra, Omagh

Private Streets - Enforcement

Private Streets Section continues to invoke enforcement proceedings against developers who fail in their responsibility to provide bonds before commencement of work on site. This takes the form of a series of warning letters followed if necessary by enforcement action.

DfI Roads will afford a developer every opportunity to fulfil their responsibilities in completing development infrastructure works to an adoptable standard. Where it becomes evident that a developer is either incapable or unwilling to complete the work, DfI Roads will consider initiating legal proceedings. This may result in the need for DfI Roads to complete the works and recover the costs.

DfI Roads has a finite contracting resource at its disposal and given the variation in annual funding levels, the availability of contracting resource to deliver private street enforcement works cannot be assured. In addition, DfI Roads has no control over the interests of other stakeholders, primarily Northern Ireland Water (NIW), which impact on the delivery of the completion of adoption works.

Last year Dfl Roads completed the following developments by enforcement action to adoptable standard:

Beechwood, Lisnaskea
Phoenix Manor, Belleek
Rathfort Crescent, Belleek
Lisnagort, Omagh

Dfl Roads is undertaking enforcement completion works on:

Hawthorne House, Omagh

Carnwood Phase 2,Lisnaskea

Spring Meadows, Derrylin

Raceview Court, Enniskillen

Sprucehill, Briarshill and Hazelwood, Irvinestown

Kellier Park, Derrylin

Killynure Woood, Enniskillen

Carnhill, Irvinestown

Killynure Court, Mountjoy
