1. PORT CHARGES ON SHIPS

NOTES

Charge bases

Charges will be based on the gross tonnage of the ship determined by reference to an International Tonnage Certificate (1969) or a provisional statement of tonnages as agreed by the International Convention on Tonnage Measurement of Ships (1969).

“Ship” includes every description of vessel used in navigation.

A ship on which the appropriate charge has been paid and which is obliged from stress of weather or other sufficient cause after leaving the port to return with the same cargo and which does not break bulk or load additional cargo is exempt from payment for second entry.

These charges are ‘ships dues’ for the purposes of the Harbours Act (NI) 1970.

A. VESSEL CHARGES

Ships dues shall be charged on the “Gross Tonnage” at the following rates:

ORDINARY CHARGES	<u>Per Tonne</u> <u>As Above</u>
