

Inspection of Supplier Organisations

Information for Tutors/Trainers

ETI: Promoting Improvement in the Interest of all Learners

Providing inspection services for:

Department of Education
Department for the Economy
and other commissioning Departments

WHY IS THE SUPPLIER ORGANISATION BEING INSPECTED?

All supplier organisations are inspected regularly by the Education and Training Inspectorate. The purpose of inspection visits is to ensure the highest possible standards of training and learning throughout the supplier organisations in Northern Ireland. Inspections inform all those who need to know, such as Management Committees, the trainees, parents, employers, the general public, the Department for the Economy (the Department), and the Northern Ireland Assembly, how good the supplier organisations in Northern Ireland are and what needs to be changed so that they can improve.

WHO INSPECTS?

Supplier organisations are inspected by Inspectors working on behalf of the Department. They have experience and qualifications in education and training and many have worked in business and industry. The inspection team may also have Associate Assessors drawn from the wider education and training sectors. The team is led by the Reporting Inspector (RI) who is in charge of the inspection and responsible for the report of the findings.

WHAT HAPPENS DURING AN INSPECTION?

During the inspection, the Inspectors:

- observe how the training is carried out and talk to the training staff and management;
- talk to the trainees;
- visit and observe trainees in the workplace;
- scrutinise trainees' personal training plans;
- talk to employers;
- examine portfolios of trainees' work; and
- scrutinise a range of documentation provided by the supplier organisation.

They assess:

- how well learners develop and achieve;
- the effectiveness of the teaching, training and learning and assessment;
- how well the learning experiences, programmes and activities meet the needs of the learners and the wider community;
- how well learners are cared for, guided and supported; and
- the effectiveness of the leadership and management in raising achievement and supporting learners.

THE TUTOR'S/TRAINER'S ROLE IN INSPECTION

Inspectors will observe a sample of training sessions taking place during the inspection. They always provide to tutors/trainers a brief, oral evaluation of the work observed, whether in directed training in the supplier organisation or in the workplace, which normally takes place at the end of the session observed; they do not make reference to the work of individual tutors/trainers in published inspection reports. They assess the quality of the teaching, training and learning because of its direct influence on the quality and appropriateness of the trainees' experiences and the standards of their work. Inspectors will also hold discussions with some of the tutors/trainers about their involvement in important activities such as self-evaluation and trainee assessment and progress.

Further details about the inspection activities and the processes involved are outlined in the inspection framework for further education and work-based learning 'Improving Quality: Raising Standards', which can be accessed on our website www.etini.gov.uk.

At the end of the inspection, the RI and members of the inspection team will provide detailed oral feedback to the supplier organisation's senior management and representative(s) from the Management Committee. They will also provide the organisation with a short written summary of the main findings. At this meeting the Inspectors will outline the performance levels allocated to the areas inspected, clarify any aspects of the findings, and note any issues raised by staff, managers and the Management Committee.

SUPPLIER ORGANISATION OVERALL EFFECTIVENESS

The Education and Training Inspectorate will publish a written report on the supplier organisation, which can be accessed, around two months after the inspection, at www.etini.gov.uk. We use the following overall effectiveness outcomes in reports:

- high level of capacity for sustained improvement;
- capacity to identify and bring about improvement;
- needs to address (an) important area(s) for improvement; and
- needs to address urgently the significant areas for improvement.

If the overall effectiveness of the supplier organisation is evaluated as needs to address (an) important area(s) for improvement or below; or an area of learning has important area(s) for improvement or below, then the Education and Training Inspectorate will undertake follow-up inspection activities within a 12 or 18-month period.

HOW CAN I BE INVOLVED IN THE INSPECTION PROCESS?

Use the inspection process to give your views on how well the supplier organisation is doing by:

- discussing any views you have about the supplier organisation with an Inspector if they visit you;
- e-mailing the RI prior to or during the inspection at eti@education-ni.gov.uk; and
- contacting Inspection Services Team prior to, or during the inspection (by e-mail to: eti@education-ni.gov.uk or telephone to: 028 9127 9726) to arrange a discussion with the RI or a member of the Inspection team.
