#### Notes:

- Waiting list figures are validated weekly by operational staff.
- Table 1(a) excludes Visiting Consultant Waiters.
- Right hand columns refer to the total number of patients waiting in the Trust over 13 weeks, and also the longest wait for an operation within a particular specialty as at month end.
- Patients are grouped into weeks waiting, i.e. 26 weeks equals 182 – 188 days. Patients waiting >26 weeks (183 – 188 days) will therefore be included in the 18 week group. Only those patients waiting exactly 26 weeks in this column are not breachers

## Northern Trust Outpatients Average Completed Waits – Routine

The outpatient waiting time information relates to average waiting times for patients seen in November 2015 for their first outpatient attendance. It is calculated as an average of the difference between:

1. the scheduled appointment date and the effective current date i.e. excluding DNA's and cancellations
2. Urgent Patients are excluded
