## **STATEMENT OF ACCOUNTING OFFICER RESPONSIBILITIES**

Under the Health and Personal Social Services (Northern Ireland) Order 1972 (as amended by Article 6 of the Audit and Accountability (Northern Ireland) Order 2003), the Department of Health has directed the Northern Ireland Ambulance Service HSC Trust to prepare for each financial year a statement of accounts in respect of endowments and other property held on trust by it in a form determined by the Department of Health. The financial statements are prepared on an accruals basis and must provide a true and fair view.

In preparing the financial statements the Accounting Officer is required to;

- Observe the Accounts Direction issued by the Department of Health including relevant accounting and disclosure requirements, and apply suitable accounting policies on a consistent basis;
- Make judgements and estimates on a reasonable basis;
- State whether applicable accounting standards as set out in Charities SORP (FRS102) have been followed, and disclose and explain any material departures in the financial statements;
- Keep proper accounting records; and
- Ensure an effective governance framework and establish arrangements for the prevention and detection of fraud and corruption.

The Permanent Secretary of the Department of Health as Principal Accounting Officer for Health and Social Care Resources in Northern Ireland has designated the Chief Executive of the Northern Ireland Ambulance Service HSC Trust as the Accounting Officer for the Trust. During the 2016-17 financial year Mr L McIvor was Chief Executive until 24 April 2016, Ms R O'Hara was Interim Chief Executive from 25 April until 9 October 2016, Dr D McManus was Interim Chief Executive from 10 October until 4 December 2016 and Mr S Devlin was appointed as Chief Executive from 5 December 2016. The responsibilities of an Accounting Officer, including responsibility for the propriety and regularity of the public finances for which the Accounting Officer is answerable, for keeping proper records and for safeguarding the Northern Ireland Ambulance Service HSC Trusts assets, are set out in the Accountable Officer Memorandum, issued by the Department of Health.

## **Governance Statement**

### **1. Introduction and Scope of Responsibility**

The Board of the Northern Ireland Ambulance Service HSC Trust (NIAS) is accountable for internal control. As Accounting Officer and Chief Executive of the Trust, I have responsibility for maintaining a sound system of internal governance that supports the achievement of the organisation's policies, aims and objectives, whilst safeguarding the public funds and assets for which I am responsible in accordance with the responsibilities assigned to me by the Department of Health (DoH). In essence, the role of Accounting Officer is to see that the Trust carries out the following functions in a way that ensures the proper stewardship of public money and assets:

- To enter into and fulfil Service Level Agreements with Health and Social Care Commissioners;
- To meet statutory financial duties; and
- To maintain and develop relationships with patients, the local community, Commissioners, other HSC bodies and suppliers.

The Trust is directly accountable to the DoH for the performance of these functions.

The Trust works in partnership with the DoH, the Health and Social Care Board (HSCB) and the Public Health Agency (PHA) and also works closely with other partner organisations through the establishment and representation on various working groups, all with a view to improving the quality, safety, effectiveness and efficiency of services. These arrangements continue to be reviewed and updated in response to changes in the structure of Health and Social Care across Northern Ireland.

### **2. Compliance with Corporate Governance Best Practice**

NIAS applies the principles of good practice in Corporate Governance and continues to further strengthen its governance arrangements. NIAS does this by undertaking continuous assessment of its compliance with Corporate Governance best practice and applying such principles and processes where applicable.

The Trust Board is engaged in an ongoing process of self-assessment against the Board Governance Self-Assessment Tool issued by DoH. The assessment covers four key areas: Board composition and commitment; Board evaluation, development and learning; Board insight and foresight; and Board engagement and involvement. Executive and Non-Executive Directors are engaged to develop and progress action plans arising from the self-assessment exercise.

The Trust's Audit Committee annually reviews its effectiveness and application of good practice through the Audit Committee Self-Assessment checklist, issued by the National Audit Office.

Areas of improvement are highlighted for consideration through this process. This checklist and process has been used as a framework for a similar self-assessment exercise for the Assurance Committee with plans being developed to address areas for improvement in the coming year.

### **3. Governance Framework**

The Board exercises strategic control over the operation of the organisation through a system of corporate governance which includes:

- a schedule of matters reserved for Board decisions;
- a Scheme of Delegation, which delegates decision making authority within set parameters to the Chief Executive and other officers; and
- Standing Orders and Standing Financial Instructions, including the establishment of an Audit Committee, an Assurance Committee and a Remuneration Committee.

The Audit Committee's primary role is to independently contribute to the Trust Board's overall process for ensuring that an effective internal financial control system is maintained.

The Assurance Committee is responsible for assuring the Trust Board that effective and regularly reviewed arrangements are in place to support the implementation, maintenance and development of governance (clinical and non-clinical) and risk management and that such matters are properly considered and communicated to the Board.

The Remuneration Committee's primary role is to advise the Board about appropriate remuneration and terms of service for the Chief Executive and Executive Directors employed by the Trust.

Membership of the Trust Board and Committees and also the record of attendance of members are shown on page 72 of the Accountability Report. During the year, the appraisal processes in place did not identify any significant performance related issues of members of Trust Board or Committees.

The Audit Committee met on four occasions during the year and membership is comprised of Non-Executive Directors only. The Audit Committee completes the National Audit Office Audit Committee Self-Assessment Checklist on an annual basis as part of the assessment of its effectiveness. The results are submitted to the DoH each year and an action plan developed to address any areas for improvement. No significant performance related issues were identified during this review. Additionally, each year the Chair of Audit Committee provides the Trust Board with an Audit Committee Annual Report.

The Assurance Committee met on three occasions during the year and membership is comprised of Non-Executive Directors only.

The Remuneration Committee met on three occasions during the year and membership is comprised of Non-Executive Directors only. The Chair of the Trust Board is the Chair of the Remuneration Committee.

#### **4. Business Planning and Risk Management**

Business planning and risk management is at the heart of governance arrangements to ensure that statutory obligations and Ministerial priorities are properly reflected in the management of business at all levels within NIAS.

The Board identifies the strategic and corporate aims and objectives and risks and monitors the achievement of these in the public interest. It has established a framework of prudent and effective controls to manage these risks, underpinned by core controls assurance standards. Decisions are taken by the Board within a framework of good governance to build a successful organisation, which is always striving to achieve excellence.

##### **Business Planning**

The Trust's Corporate Plan sets the strategic direction for the Trust in line with the stated purpose, mission and vision of the organisation, aligned to the relevant principles and values, which direct action consistent with Ministerial priorities. The Trust has been working during the year to develop a new strategy which will cover the period 2017-2021. A number of workshops have been carried out to engage Trust Board and senior managers in its formulation.

##### **Risk Management**

The Board of the Northern Ireland Ambulance Service HSC Trust has established an Assurance Committee, which is a committee of the Board, and is responsible for overseeing all aspects of risk management within the organisation. The Assurance Committee meets at least three times a year and reviews the Risk Registers, compliance with Controls Assurance Standards and the report of Untoward and Serious Adverse Incidents as standing items, as well as other health and safety and risk management issues. The meetings are recorded and the minutes are reported to the Trust Board. The Trust's Medical Director has been given delegated responsibility for the oversight of risk management and is supported in this regard by a Risk Manager.

The Trust Board continues to review the arrangements in place with reference to DoH guidance and advice in order to strengthen the arrangements for Risk Management. The Trust's Corporate Risk Management Strategy, which was reviewed, updated and approved by the Trust Board in 2016-17, specifies a number of reactive and proactive ways in which risk can be identified. The means of identification include, although not exclusively, untoward incident reporting, serious adverse incident reporting, complaints management, risk assessment, horizon-scanning at Trust Board level, claims management, controls assurance, benchmarking and consultation with staff and service users. The Strategy also places upon all Trust employees the responsibility to be aware of and to report any and all risks to which they or the Trust are exposed.

This process enables identified risks to be recorded on the Risk Register, evaluated and, if necessary, re-evaluated in line with the Australia/New Zealand Standard (AS/NZS 4360) Risk Management Standard. In accordance with the Trust's Risk Management Strategy, this takes into account the likelihood and potential impact on the Trust's patients, employees, environment, reputation and resources. This evaluation then prompts the development of individual risk treatment plans against which progress is monitored through the Trust's Risk Register.

Corporate Risks are those that impact on the organisation as a whole or which cannot be resolved immediately or adequately reduced by treatment at a local level. They are recorded on the Corporate Risk Register, which is reviewed on a continual basis. Local Risks are those which have a localised impact and which can be reduced to an acceptable level by treatment at a local level. These are recorded on the Local Risk Register and are the responsibility of the Trust's line management. Local Risk Register updates are forwarded to the relevant Directors for distribution and review at local level on a regular basis. The Trust has further developed the mechanisms for the review of Local Risk Registers by ensuring they are formally reviewed by the Senior Executive Management Team, the Assurance Committee and Trust Board. The Trust has also reviewed and updated a risk appetite statement which defines the amount of risk the organisation is willing to accept. This is included in the Corporate Risk Management Strategy and has been agreed and approved by the Trust Board.

## **5. Information Governance**

In NIAS, information governance is the framework of legislation and best practice guidance that regulates the manner and way in which we collect, obtain, handle, use, share and disclose information. We are very aware of the importance of keeping personal data in a secure and confidential manner and train all staff to support this culture through face to face training, e-learning and workbooks.

The Director of Finance and ICT has been appointed as Senior Information Risk Officer (SIRO) to ensure a well-defined information governance structure is in place. This role is supported by Information Asset Owners who are Senior Managers who have been trained and are accountable for information governance in their own work areas within the Trust. During 2016-17 we have continued to embed an information governance framework within the Trust. We are currently working on the development of an Information Asset Register and the identification of all manual and electronic records across the Trust. The Trust's Information Governance Steering Group reviews the management of all information risks and information governance arrangements within the Trust and reports to the Assurance Committee. We have also been ensuring that we are keeping up to date with legislation changes such as Investigatory Powers Act 2016 and General Data Protection Regulations which may impact on the Trust going forward.

The Medical Director has been appointed as the Trust's Caldicott Guardian and Personal Data Guardian with particular responsibility for access to, and the use of, person identifiable and patient information. The Medical Director also has a

representative role on the UK Council of Caldicott Guardians. The Caldicott Guardian and the SIRO support the Trust Board in recognising the importance of best practice in relation to the broader information governance agenda.

Data loss or mismanagement does occasionally happen and while these breaches are relatively minor in nature, nevertheless the Trust continues to use the learning from such incidents to inform and develop good practice. There have been no significant information related breaches brought to the attention of the SIRO during 2016-17.

## **6. Assurance**

The Trust has an Assurance Framework based on DoH guidance 'An Assurance Framework: A Practical Guide for Boards of Arm's Length Bodies'. This framework is regularly updated and submitted to the Assurance Committee for approval. This identifies the assurances provided to NIAS by its governance structure and highlights any gaps in assurance. This supports improvements in the level of assurance and underpins the challenge function of the Trust Board.

A further important source of assurance is provided by internal audit whose audit plans are based on key risks and systems within the organisation.

The Trust endeavours to continually improve its structures and processes of assurance through self-assessment exercises and resultant improvement plans. The Trust Board has been engaged in an ongoing process of self-assessment using the Board Governance Self-Assessment Tool issued by DoH. Similarly the Audit Committee annually tests its application of good practice using a Self-Assessment checklist, issued by the National Audit Office.

These structures and processes and the sources of independent assurance outlined in this statement provide an appropriate and acceptable quality of assurance to Trust Board.

### ***Controls Assurance Standards***

The Trust assessed its compliance with the applicable Controls Assurance Standards which were defined by the Department and against which a degree of progress is expected in the year. The Department expected all HSC bodies to achieve a Substantive overall level of compliance for each applicable standard.

The Trust continues to develop systems and processes to deliver compliance with Controls Assurance Standards. An action plan will be developed for any areas of non-compliance within controls assurance standards and progress against the plan will be monitored throughout the year.

The Trust recognises that the overall assessment for each controls assurance standard is based on a number of criteria. While there may be significant internal control issues identified by internal audit that are reflected in the self-assessment against specific criteria, overall substantive compliance has been achieved.

## 7. Sources of Independent Assurance

The Northern Ireland Ambulance Service obtains Independent Assurance from the following sources:

- Internal Audit; and
- Business Services Organisation.

The Trust also relies on other significant assurance functions, both internal and external to the organisation, and considers the implications of any relevant findings for the governance of the organisation. These may include, but will not be limited to, any reports issued by the Comptroller and Auditor General or Public Accounts Committee and reviews by DoH commissioned bodies.

### ***Internal Audit***

The Northern Ireland Ambulance Service utilises an internal audit function (commissioned from the Business Services Organisation), which operates to defined standards and whose work is informed by an analysis of risk to which the Trust is exposed and annual audit plans which are based on this analysis. In 2016-17 Internal Audit reviewed the following systems which have a relevance to Charitable Trust Funds:

<b>Audit Assignment</b>	<b>Overall Level of Assurance</b>
Financial Review	Satisfactory – Non Pay Expenditure, Bank and Cash and Charitable Trust Funds (No Priority 1 Findings)
Risk Management and Management of Assurances	Satisfactory (No Priority 1 Findings)
Governance	Satisfactory (One Priority 1 Finding)

In her annual report, the Head of Internal Audit reported that there is a satisfactory system of internal control designed to meet the organisations objectives for the year ended 31 March 2017.

Recommendations to address all control weaknesses have been considered by the Audit Committee and have been or are currently being implemented. Progress on implementation will continue to be reviewed by Internal Audit and considered by the Audit Committee.

## **8. Review of Effectiveness of the System of Internal Governance**

As Accounting Officer, I have responsibility for the review of effectiveness of the system of internal governance. My review of the effectiveness of the system of internal governance is informed by the work of the internal auditors and the executive managers within the Trust who have responsibility for the development and maintenance of the internal control framework, and comments made by the external auditors in their management letter and other reports. I have been advised on the implications of the result of my review of the effectiveness of the system of internal control by the Trust Board, Audit Committee and Assurance Committee. A plan to address weaknesses and ensure continuous improvement to the system is in place.

## **9. Internal Governance Divergences**

### ***Update on prior year control issues which continue to be considered control issues***

#### **Business Services Transformation Programme and Shared Services**

NIAS continues to participate in the Business Services Transformation Programme (BSTP) which is a programme of replacing aged Finance and Human Resources systems for all Health and Social Care bodies in Northern Ireland.

The new Finance, Procurement and Logistics (FPL) system was implemented in June 2013 and the new Human Resources, Payroll, Travel and Subsistence (HRPTS) system was implemented in March 2014. This was a significant achievement and created exceptional demands upon NIAS and the HSC as a whole.

2016-17 was the second full year of accounts payable, accounts receivable and payroll services being provided to NIAS in a shared service environment by the Business Services Organisation (BSO). The Trust continues to work with BSO to make improvements and to realise the expected benefits of the new systems.

A number of audits have been conducted in BSO Shared Services as part of the BSO Internal Audit plan. This includes a follow up on Shared Service Audits in 2016-17.

BSO have advised that all recommendations in the 2016-17 internal audit reports have been accepted and action plans are in place to assist with the implementation of these recommendations.

The recommendations in these Shared Service audit reports are the responsibility of BSO Management to take forward and the reports have been presented to the BSO Governance and Audit Committee. NIAS will continue to work with BSO Shared Services to improve controls in this area.

## **HSC Structural Change**

The announcement of structural change in the HSC identifying the replacement of the HSC Board with revised commissioning and performance management arrangements raises a potential risk as the new commissioning and planning arrangements are yet unknown. NIAS is anxious to retain the regional focus on service development and improvement developed under the current arrangements and build on this to support initiatives such as the Alternative Care Pathway Programme introduced over recent years to support and endorsement across the HSC system, contributing to enhanced system working, reduced attendances at ED, and better care for patients.

A further element of structural change under consideration is the extension of shared services into ICT, Business Information, Medical/ Nurse/AHP Bank and Occupational Health Services and the new proposed Public Sector wide shared services approach. NIAS is anxious to ensure that core line-of-business systems and processes are appropriately supported and secured in any change proposals.

NIAS will continue to engage at all levels throughout the HSC system to secure a resolved position which safeguards ambulance priorities in the revised arrangements.

### **10. Conclusion**

The NIAS Trust has a rigorous system of accountability which I can rely on as Accounting Officer to form an opinion on the probity and use of public funds, as detailed in and required by Managing Public Money Northern Ireland.

Further to considering the accountability framework within the Trust and in conjunction with assurances given to me by the Head of Internal Audit, I am content that NIAS has operated a sound system of internal control and governance during the period 2016-17, that supports the achievement of policies, aims and objectives.

**Mr Shane Devlin**  
Chief Executive  
15 June 2017

## **NORTHERN IRELAND AMBULANCE SERVICE HEALTH AND SOCIAL CARE TRUST – CHARITABLE TRUST FUNDS**

### **THE CERTIFICATE AND REPORT OF THE COMPTROLLER AND AUDITOR GENERAL TO THE NORTHERN IRELAND ASSEMBLY**

I certify that I have audited the financial statements of the Northern Ireland Ambulance Service Health and Social Care Trust- Charitable Trust Funds for the year ended 31 March 2017 under the Health and Personal Social Services (Northern Ireland) Order 1972, as amended. These financial statements comprise the Statement of Financial Activities, the Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out within them.

#### **Respective responsibilities of the Northern Ireland Ambulance Service Health and Social Care Trust, Accounting Officer and auditor**

As explained more fully in the Statement of the Accounting Officer's Responsibilities, the Northern Ireland Ambulance Service Health and Social Care Trust and Accounting Officer are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. My responsibility is to audit, certify and report on the financial statements in accordance with the Health and Personal Social Services (Northern Ireland) Order 1972, as amended. I conducted my audit in accordance with International Standards on Auditing (UK and Ireland). Those standards require me and my staff to comply with the Auditing Practice Board's Ethical Standards for Auditors.

#### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Northern Ireland Ambulance Service Health and Social Care Trust's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition I read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by me in the course of performing the audit. If I become aware of any apparent material misstatements or inconsistencies I consider the implications for my certificate.

I am required to obtain evidence sufficient to give reasonable assurance that the incoming and outgoing resources recorded in the financial statements have been applied to the purposes intended by the Assembly and the financial transactions recorded in the financial statements conform to the authorities which govern them.

#### **Opinion on regularity**

In my opinion, in all material respects the incoming resources and application of outgoing resources recorded in the financial statements have been applied to the purposes intended by the Assembly and the financial transactions recorded in the financial statements conform to the authorities which govern them.

## **Opinion on financial statements**

In my opinion:

- the financial statements give a true and fair view of the state of the Northern Ireland Ambulance Service Health and Social Care Trust- Charitable Trust Funds' affairs as at 31 March 2017 and of its incoming and outgoing resources for the year then ended; and
- the financial statements have been properly prepared in accordance with the Health and Personal Social Services (Northern Ireland) Order 1972, as amended and Department of Health directions issued thereunder.

## **Opinion on other matters**

In my opinion the information given in the Annual Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

## **Matters on which I report by exception**

I have nothing to report in respect of the following matters which I report to you if, in my opinion:

- adequate accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- I have not received all of the information and explanations I require for my audit; or
- the Governance Statement does not reflect compliance with Department of Finance's guidance.

## **Report**

I have no observations to make on these financial statements.

## **NORTHERN IRELAND AMBULANCE SERVICE HSC TRUST**

### **Notes to the Accounts**

#### **1. Accounting Policies**

##### **1(a) Basis of Preparation**

The financial statements have been prepared under the historic cost convention, with the exception of investments which are included at market value.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (Charities SORP) (FRS102), and with relevant guidance issued by the Department of Health.

The financial statements have been prepared on a going concern basis.

##### **1(b) Incoming Resources**

All incoming resources are included in full in the Statement of Financial Activities as soon as the following three factors can be met:

- Entitlement – arises when a particular resource is receivable or the charity's right becomes legally enforceable;
- Certainty – where there is reasonable certainty that the incoming resource will be received;
- Measurement – when the monetary value of the incoming resources can be measured with sufficient reliability.

##### **1(c) Income from Donations and Legacies**

This includes all income received by the charitable funds that is a gift made on a voluntary basis, for any purpose (unrestricted funds) or for a particular purpose (restricted funds).

##### **1(d) Income from Charitable Activities**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds earned no income from the supply of goods or services under contractual arrangements and from performance-related grants which have conditions specifying the provision of particular goods or services by the charitable funds.

##### **1(e) Income from other Trading Activities**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds earned no income from either trading activities to raise funds for the charitable funds or income from fundraising events which was received in exchange for supplying goods and services.

## **NORTHERN IRELAND AMBULANCE SERVICE HSC TRUST**

### **Notes to the Accounts**

#### **1(f) Investment Income**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds earned no income from holding assets for investment purposes and includes dividends, interest, and rents from investment property.

#### **1(g) Resources Expended and Irrecoverable VAT**

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. All expenditure is recognised once there is a legal or constructive obligation committing the charity to the expenditure. Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

#### **1(h) Expenditure on Raising Funds**

This includes all expenditure incurred by a charitable fund to raise funds for its charitable purposes and includes the costs of all fundraising activities and events, non-charitable trading activities and the sale of donated goods. The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds incurred no such expenditure.

#### **1(i) Expenditure on Charitable Activities**

This includes all costs incurred by a charitable fund in undertaking activities that further its charitable aims for the benefit of its beneficiaries as shown in Note 3.

#### **1(j) Other Expenditure**

This includes support costs and costs relating to the governance of the charitable funds including costs related to statutory audit as shown in Note 4. Where costs are shared by two or more charitable funds, support costs have been apportioned between categories and this is analysed in Note 9

#### **1 (k) Fixed Assets**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds do not have any fixed assets.

#### **1 (l) Donated Assets**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds do not have any donated assets.

## **NORTHERN IRELAND AMBULANCE SERVICE HSC TRUST**

### **Notes to the Accounts**

#### **1 (m) Leases**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds do not have any leases.

#### **1(n) Investment Fixed Assets**

Investment Fixed Assets are shown at market value as at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

Property assets are not depreciated but are shown at market valuation.

Quoted stocks and shares included in the balance sheet are carried at market value based on the closing market value at the year-end.

Other investment fixed assets are included at the Trustee's best estimate of market value.

#### **1(o) Realised Gains and Losses**

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and opening market value (purchase date if later). Unrealised gains and losses are calculated as the difference between the market value at the year end and opening market value (or purchase date if later).

#### **1(p) Funds Structure**

Where there is a legal restriction on the purposes to which a fund may be put, the fund is classified in the accounts as a restricted fund. Funds where the capital is held to generate income for charitable purposes and cannot itself be spent are accounted for as an endowment fund. Other funds are classified as unrestricted funds. Funds which are not legally restricted but which the Trustee has chosen to earmark for set purposes are classified as designated funds.

#### **1 (q) Employee Benefits**

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds do not have any employees.

#### Note 10 Commitments

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds do not have any commitments as at 31 March 2017 (2016: £nil).

#### Note 11 Financial Guarantees

The Northern Ireland Ambulance Service HSC Trust Charitable Trust Funds have not given any financial guarantees as at 31 March 2017 (2016: £nil).

#### Note 12 Related Party Transactions

The Trust Board acts as “corporate trustee” for the Charitable Trust Funds and is responsible for ensuring that these funds are held and managed separately from public funds. During the year none of the members of the Northern Ireland Ambulance Service HSC Trust Board or members of the key management staff or parties related to them has undertaken any material transactions with the Charitable Trust Funds.

Board Members (and other senior staff) take decisions both on Charity and Exchequer matters but endeavour to keep the interests of each discrete and do not seek to benefit personally from such decisions. Declarations of personal interest have been made in both capacities and are available to be inspected by the public.

The Charitable Trust has not made any revenue and capital payments to the Northern Ireland Ambulance Service HSC Trust.
