2019/20 Standards and Targets	4
Glossary of Terms	18

## Introduction

This report presents the monthly Corporate Performance Information, in the categories of:

- \* Commissioning Plan Direction - Ministerial Targets as per the HSC Commissioning Plan Direction (NI) 2018
- \* Supporting activity and profiles

Actual performance is outlined as well as the level of progress against the target. This progress is presented using the red, amber, green format (RAG). Charts are included to highlight trends in performance. In addition arrow indicators are included to assess changing performance as follows:

RAG Rating	
Red	Not achieving Target
Amber	Almost Achieving Target
Green	Achieving Target

Trend on previous month (TOPM)	
Performance Improving	↑
Performance Decreasing	↓
Performance Static	→

The direction of the arrows indicates whether performance has improved, deteriorated or stayed the same since the previous reporting period.

The information figures are provided at a point in time and are subject to validation. This may mean the figures for previous months have to be adjusted. Where this results in a material change to information previously reported, this will be flagged up to Trust Board.

## 2019/20 Ministerial Standards and Targets

Title	Target	Comments / Actions	Mar-19	June'19	Trend	Cumulative Position	Trend / Activity Analysis
Smoking Cessation	<b>Target 1.1:</b> By March 2020, in line with the departments ten year Tobacco Control Strategy, to reduce the proportion of 11-16 years old children who smoke to 3%; of adults who smoke to 15%; and of pregnant women to 9%.	Target reported by PHA.					
Obesity	<b>Target 1.2:</b> By March 2022, reduce the level of obesity by 4 percentage points and overweight and obesity by 3 percentage points for adults and by 3 percentage points and 2 percentage points for children.	Target reported by PHA.					
Breastfeeding	<b>Target 1.3:</b> By March 2019, through continued promotion of breastfeeding to increase the percentage of infants breastfed, (i) from birth, and (ii) at 6 months. This is an important element in the delivery of the Breastfeeding Strategy Objectives for achievement by March 2025.	Awaiting confirmation of baseline and technical guidance on how this will be reported					
Healthy Places	<b>Target 1.4:</b> By March 2019, establish a minimum of 2 "Healthy Places" demonstration programmes, working with General Practice and partners across community, voluntary and statutory organisations.						
Children in Care	<b>Target 1.10 (a):</b> By March 2019, the proportion of children in care for 12 months or longer with no placement change is at least 85%.	Target 1.10 (a) reported at year end in line with the delegated statutory functions report.	93%				Target 1.10(a) reported at year end in line with delegated statutory functions report.
	<b>Target 1.10 (b):</b> By March 2019, 90% of children, who are adopted from care, are adopted within a three year time frame (from date of last admission).	Target 1.10 (b) will only be reported on a yearly basis through the electronic AD1 return. CIB are looking to collect this 6 monthly but no processes are in place yet.					Target 1.10(b) will be reported on a yearly basis in line with CIB reporting. Final 17/18 position provided - 68% CIB have not yet finalised 2018/19 figures

Title	Target	Comments / Actions			Trend		Trend / Activity Analysis
Delivering Care Framework	Target 2.1: By March 2019 all HSC Trusts should have fully implemented phases 2, 3, and 4 of Delivering Care, to ensure safe and sustainable nurse staffing levels across all medical and surgical wards, emergency departments, health visiting and district nursing services.	Phase 1: Delivery Care Framework: Full implementation has not been sustained due to current level of vacancies.					Achieving this target is dependent on HSCB making appropriate investment in Nurse staffing.

Title	Target	Comments / Actions	Target Profile Apr 19 - Jul 19	ACTUAL 19- Jul 19	Trend		Trend / Activity Analysis
Healthcare Acquired Infections	Target 2.3: By March 2020 secure an aggregate reduction of ???% (to be confirmed) of <i>Escherichia coli</i> , <i>Klebsiella spp</i> and <i>Pseudomonas aeruginosa</i> bloodstream infections acquired after two days of hospital admission, compared to 2017/18	HCAGNBSI WH SCT 2019/20 Target Maximum = To be confirmed		25			Information sourced from HSCB Performance Report. Only available on a cumulative basis with 1 month time lag.
	Target 2.4: By 31 March 2019, to secure a regional aggregate reduction of 7.5% in the total number of in-patient episodes of Clostridium Difficile infection in patients aged 2 years and over and in-patient episodes of MRSA infection compared to 2017/18.	MRSA WH SCT 2019/20 Target Maximum = To be confirmed		1			
		C. Difficile WH SCT 2019/20 Target Maximum = To be confirmed		25			

Title	Target	Comments / Actions	Jun-19	Aug-19	Trend	Cumulative Position	Trend / Activity Analysis
NEWS KPI's	Target 2.2: From April 2016, ensure that the clinical condition of all patients is regularly and appropriately monitored in line with the NEWS KPI audit guidance, and timely action taken to respond to any signs of deterioration.	The NEWS audits are completed quarterly on 34 Acute inpatient wards and each ward is required to audit a sample of 10 patients. Audits will be reported bi-monthly from February 2018 - Target 95%. Next set of audits due to be completed during October 2019.	93%	91%	↓		<p style="text-align: center;"><b>Western Trust Overall Compliance</b></p> <p>Percentage</p> <p>Target All elements performed Part 1 &amp; 2 elements performed</p>

Title	Target	Comments / Actions	Jul-19	Aug-19	Trend	Cumulative Position	Trend / Activity Analysis
Care Standards in Residential/ Nursing Homes	<b>Target 2.8(a):</b> During 2018/19 the HSC, through the application of care standards, should continue to seek improvements in the delivery of residential and nursing care and ensure a reduction in the number of (i) residential homes, (ii) nursing homes, inspected that receive a failure to comply notice.	Annual reviews of each client in a residential/nursing home place ensures that any issues are identified and then raised. These are reported centrally to RQIA and the Department.	0	2			
	<b>Target 2.8(b):</b> During 2018/19 the HSC, through the application of care standards, should seek improvements in the delivery of residential and nursing care and ensure a reduction in the number of (i) residential homes, (ii) nursing homes, subsequently attract a notice of decision, as published by RQIA.		0	0			

Title	Target	Comments / Actions	Jul-19	Aug-19	Trend	Cumulative Position	Trend / Activity Analysis
Children in Care	<b>Target 3.2:</b> During 2018/19 the HSC should ensure that care, permanence and pathway plans for children and young people in or leaving care (where appropriate) take account of the views, wishes and feelings of children and young people.						The teams within the Women & Childrens Directorate issue feedback forms to children & young people leaving care to take into account their views and feelings which are kept within the Directorate.
Dementia Portal	<b>Target 3.3:</b> By March 2019, patients in all Trusts will have access to the Dementia Portal.	Awaiting confirmation of baseline and technical guidance on how this will be reported					
Palliative/ End of Life Care	<b>Target 3.4:</b> By March 2019, to have arrangements in place to identify individuals with palliative and end of life care needs, both in the acute and primary settings, which will support people to be cared for in their preferred place of care and in the manner best suited to meet their needs.						An overall WHSCT Palliative Care work Plan for 2016/2017 has been developed. An information system has been developed which captures preferences for care. As a result staff are able to support care within Specialist Palliative care team.
Co-production Model	<b>Target 3.5:</b> By March 2019, the HSC should ensure that the Co-production model is adopted when designing and delivering transformational change. This will include integrating PPI, co-production, patient experience into a single organisational plan.	Awaiting confirmation of baseline and technical guidance on how this will be reported					

Title	Target	Comments / Actions	Jul-19	Aug-19	Trend	Cumulative Position	Trend / Activity Analysis	
Emergency Department	Target 4.4: By March 2019, 95% of patients attending any Type 1, 2 or 3 Emergency Department are either treated and discharged home, or admitted, within 4 hours of their arrival in the department; and no patient attending any Emergency Department should wait longer than 12 hours	4-Hour target % treated within 4 hours	WHSCCT	70%	67%	↓	69%	
			ALT	64%	57%		63%	
			SWAH	66%	70%		65%

<b>Best Start in Life</b>	<b>Target 1.9:</b> By March 2019, ensure the full regional roll out of Family Nurse Partnerships, ensuring that all teenage mothers have equal access to the family nurse partnership programme. The successful delivery of this objective will directly contribute to PFG Outcome 14 "We give our children and young people the best start in life".	<b>Awaiting confirmation of baseline and technical guidance</b>					
<b>Suicide</b>	<b>Target 1.11:</b> By March 2019, to have further enhanced out of hours capacity to de-escalate individuals presenting in social and emotional crisis, including implementation of a "street triage" pilot and a "safe place" pilot.	This work builds on previous investments in community mental health crisis teams and is an important element of the work to reduce the suicide rate by 10% in 2022 in line with the draft Project Life 2 strategy. <b>Awaiting confirmation of baseline and technical guidance</b>					
<b>Alcohol Drug Related Harm and Drug related Death</b>	<b>Target 1.12:</b> By September 2018, to have advanced the implementation of revised substitute prescribing services in Northern Ireland, including further exploration of models which are not based on secondary care, to reduce waiting times and improve access. This is an important element in the delivery of our strategy to reduce alcohol and drug related harm and to reduce drug related deaths.	<b>Awaiting confirmation of baseline and technical guidance</b>					

<p><b>Long Term Conditions</b></p>	<p><b>Target 1.13:</b> By July 2018, to provide detailed plans (to include financial profiling) for the regional implementation of the diabetes feet care pathway. Consolidation of preparations for regional deployment of the care pathway will be an important milestone in the delivery of the Diabetes Strategic Framework.</p>	<p><b>Awaiting confirmation of baseline and technical guidance</b></p>
