Research and Information Service briefings are compiled for the benefit of MLAs and their support staff. Authors are available to discuss the contents of these papers with Members and their staff but cannot advise members of the general public. We do, however, welcome written evidence that relates to our papers and this should be sent to the Research and Information Service, Northern Ireland Assembly, Room 139, Parliament Buildings, Belfast BT4 3XX or emailed to [RLS@niassembly.gov.uk](mailto:RLS@niassembly.gov.uk)

# 1. INTRODUCTION

This reading list – ‘Brexit Outcomes and Northern Ireland’ – is intended to assist Members of the Legislative Assembly (MLAs) and others to contemplate developments following the UK’s formal exit from the EU on 31 January 2020. For political, economic, geographic and social reasons, the impacts on Northern Ireland of UK withdrawal from the EU might be expected to differ in important ways from the impact of withdrawal on other parts of the UK. Most obviously, Northern Ireland is unique in that it is the only part of the UK which has a land border with an EU Member State.

The Protocol on Ireland/Northern Ireland, which is the part of the EU-UK withdrawal agreement, addresses the unique circumstances on the island of Ireland. The ‘Windsor Framework: A New Way Forward’, which was agreed in principle on 27 February 2023, amends the Protocol and includes a new procedure: the ‘Stormont Brake’.

When compiling this reading list, an attempt has been made to select commentary, analysis and media coverage which has particular relevance to the specific context of Northern Ireland. The list also includes strategically important documents, such as the published positions of the UK and Irish governments and the EU institutions.

As the volume of published material on Brexit is vast and varied, this reading list does not purport to be a single comprehensive source covering all issues and opinions. However, the material has been drawn from a wide range of well-established and authoritative sources and RaISe intends to update the reading list as appropriate.

In addition to this reading list, RaISe maintains an EU Exit Hub with information on the Protocol, Windsor Framework, Common Frameworks and EU Exit Legislation. The hub also provides access to the research papers which we have produced thus far, a selection of blog articles, and previous iterations of our Brexit reading lists and topical digests. The EU Exit Hub also draws together useful resources produced by others, including their own hubs and blogs
