Neighbourhood Renewal Area Profile Report

2021

**Crumlin / Ardoyne
Neighbourhood Renewal Area**

Introduction

The aim of the People and Place Strategy is to help close the gap in the quality of life between the most deprived and the rest of society. In pursuing that aim it is important to understand what the key issues are and what needs to be addressed if we are to tackle the complex and multi-dimensional nature of deprivation.

Without knowing the full nature of the problem we were facing it is difficult to see how we can make reasoned decisions regarding the strategic priorities across patterns of deprivation within this area and monitor and evaluate those actions to effect change.

Whilst there have been a number of improvements over recent years, it is essential that we continue to develop the evidence base to better inform our decision making. To do that we need to rely on high quality information, derived from a variety of sources - expert knowledge; stakeholder consultation and existing statistics.

By using small areas geographies that best fit the current targeted areas we have been able to significantly improve the sources of data available to us. This enhanced evidence base provides us with robust and reliable statistics which will allow us to better understand and identify the key issues faced in this area.

This Area Profile report provides statistical data which underpins the 2017 multiple deprivation measures for this area. It provides a statistical evidence baseline for this area in terms of the seven domains of deprivation.

Further project specific data are included as links in Appendix 1.

User Notes

i. The information is broadly split into three parts:

- Multiple Deprivation Ranking for each Domain (MDM 2017)
- Gap Analysis Table and Summary
- Measuring of impact across each Key Outcome Indicator.

As the Neighbourhood Renewal Areas are defined by the Multiple Deprivation, MDM rankings are included at the beginning of each section (where available)

The Gap Analysis table and Summary provide a high level data across the key indicators on whether the Neighbourhood Renewal Area (NRA) has experienced a positive or negative outcome or if there has been relatively little change. The table allows the user to compare the NRA and Non NRAs baseline position and the most current year available. The colour blocking shows whether the indicator has improved (green), not changed (yellow) or deteriorated (red) when the most recent year available is compared with the baseline position. The final column in the table shows whether the gap between the NRA and Non NRAs has widened (red arrow), is unchanged (yellow arrow) or had narrowed (green arrow).

The summary infographics of the key background data are provided for each of these.

The measuring of the individual key outcome indicators provides data on a year by year basis across a given period. This information allows the user to examine the trend and variances and consider if there has been any outside influence, for example, the economic downturn.

ii. Care should be taken when interpreting a positive or negative outcome as the NRA may still be experiencing significant problems – improving but still significantly behind Non NRAs.

iii. Universal Credit (UC), which replaced Jobseekers Allowance, Income Support, Working Tax Credit, Child Tax Credit and Housing Benefit, began in September 2017 through a phased geographical roll-out. This may be one of the reasons behind the decrease in claimants across the following:

Job Seekers Allowance

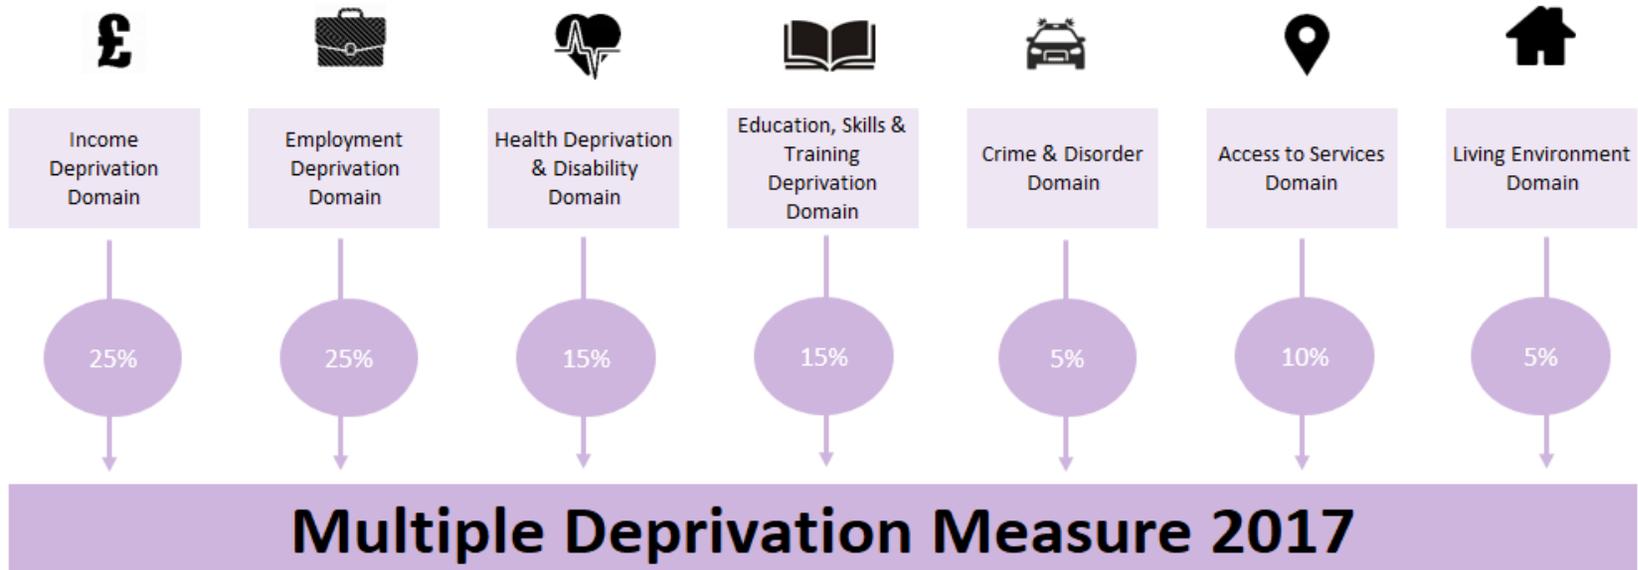

Income Support

Pension Credit

iv. Caution is advised when interpreting change over time where numbers are small. This is particularly evident when examining our smaller NRAs. The Demography section of this report provides information relating to the population size and breakdown.

v. Key Stage assessment data has been impacted by industrial action over the past few years resulting in incomplete returns to the Department. Weighting exercises were conducted on the available data to calculate 'best estimates' at a Northern Ireland level but it is not possible to use the available data to provide information at lower geographical levels or for individual schools. Data for 'No GCSEs' is not available for more recent years due to the small number in Northern Ireland, meaning that analysis by area would not be appropriate.

Seven Domains of Deprivation

The following table details each of the small areas which broadly form the Crumlin Ardoyne NRA. There are 4,537 small areas across NI with 1 being the most deprived and 4,537 being the least.

SA	Multiple Deprivation Measure Rank	Income Domain Rank	Employment Domain Rank (18-64 years)	Health Deprivation and Disability Domain Rank	Education, Skills and Training Domain Rank	Access to Services Domain Rank	Living Environment Domain Rank	Crime and Disorder Domain Rank	Population

Crumlin / Ardoyne Neighbourhood Renewal Area

14,992

Total population in Crumlin / Ardoyne Neighbourhood Renewal area (NRA) In 2017

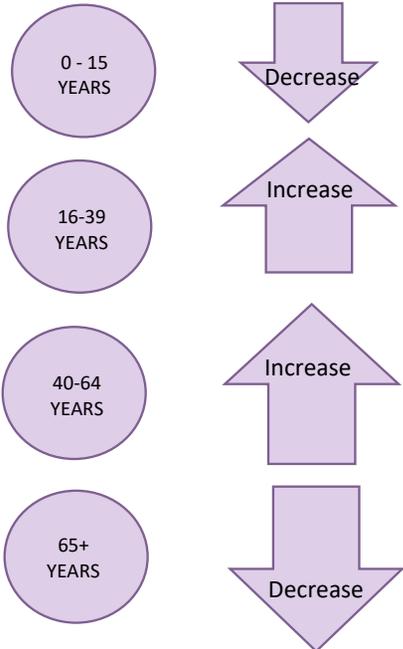

- Catholic
- Protestant and Other Christian
- Other
- None

Total Males:
7,217

0-15 years: 1,989
16-39 years: 2,435
40-64 years: 2,012
65+ years: 781

Population Change 2001-2011

Total Females:
7,775

0-15 years: 1,844
16-39 years: 2,712
40-64 years: 2,205
65+ years: 1,014

20% of the population are living in households whose equivalised income is below 60% of the NI median

27% of the population aged 15 and under are living in households whose equivalised income is below 60% of the NI median

4% of the population aged 65 and over are living in households whose equivalised income is below 60% of the NI median

46% of the working age population are employment deprived

57% of children are in 'Poverty' 0-19 yrs

Economic Renewal Summary

Jobseekers Allowance

26%

Are under 25 (NEETS)

33%

Are deemed long-term unemployed (>12months)

Income Support

52%

Are claiming as Lone Parents

65%

are in receipt of a carer premium

Disability Living Allowance

Main reasons for claiming DLA:

27% Other mental Health causes

15% Arthritis

13% Learning Difficulties

Employment & Support Allowance

Main reasons for claiming ESA:

59% Psychiatric Disorders

11% Musculoskeletal Disease

7% Abnormal Clinical Findings

Universal Credit (UC), which replaced Jobseekers Allowance, Income Support, Working Tax Credit, Child Tax Credit and Housing Benefit, began in September 2017 through a phased geographical roll-out.

This may be one of the reasons behind the decrease in claimants across the following:

Job Seekers Allowance
Income Support
Pension Credit

Personal Independence Payment (PIP) replaced the Disability Living Allowance from 2016 which may be one of the reasons behind the decrease in DLA recipients from this date.

Employment & Support Allowance (ESA) replaced the Incapacity Benefit which may be one of the reasons behind the decrease in Incapacity Benefit recipients from this date.

Health Summary

Deaths to under 75s

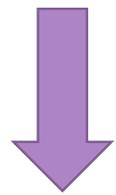

6% increase between 2005 & 2017

Deaths from suicide and undetermined intent

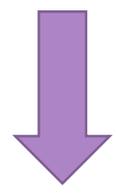

28% increase between 2005-2009 & 2013-2017

Alcohol related Deaths

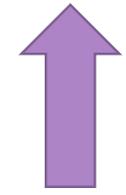

19% decrease between 2005-2009 & 2012-2016

Births to teenage mothers (13-19 years)

52% decrease between 2005 & 2017

Drug related Deaths

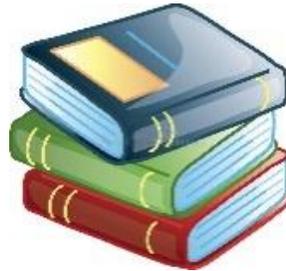

60% increase between 2005-2009 & 2013-2017

Long-Term Health & Disability

- 20%** have day-to-day activities limited a lot
- 10%** have day-to-day activities limited a little
- 70%** have day-to-day activities not limited

Education Summary

Attendance rate in primary school children has decreased

92%

Attendance rate in Post - primary school children has increased (% of half days attended)

92%

Average primary school class size has increased from 2006-2018

Proportion of pupils attending Special Schools or attending primary school with Special Education Needs Stages 3-5

15%

Proportion of pupils attending Special Schools or who are attending post-primary schools with Special Education Needs Stages 3-5

13

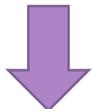

Attainment

51% increase in those achieving at least 5 GCSE's grades A*-C (or equiv)

43% increase in those achieving at least 5 GCSE's grades A*-C (incl English and Maths)

74% decrease in those achieving no GCSE's

School Leavers

39% increase in School leavers going into Higher Education

44% increase in School leavers going further education

58% decrease in School leavers into Training

Crime Summary

Burglary

21% decrease between 2003 and 2018

Recorded Crime

5% decrease between 2003 and 2018

Anti-Social Behaviour

46% decrease between 2003 and 2018

Drug Offences

55% increase between 2003 and 2018

Criminal Damage

23% decrease between 2003 and 2018

Theft

24% decrease between 2003 and 2018

Violence, sexual offences & Robbery

14% increase between 2003 and 2018

Domestic Abuse

48% increase between 2003 and 2018

Income Domain

The following table highlights how each small area within Crumlin / Ardoyne has ranked under the Income domain. The colour key indicates which areas are in which decile for deprivation.
