Managed over 83,000 social homes

5,700

Allocated over 5,700 homes

805

Approved 805 Disabled facilities grants

£83.88m

Invested £83.88m in Planned Maintenance and Stock Improvement

1,508

Started 1,508 new social homes

£470m

Paid out £470m in Housing Benefit

£304.3m

Invested £304.3m in new build social homes

19,000

Provided over 19,000 housing support places to the most vulnerable through the Supporting People Programme and invested £78.75m

355

Sold 355 homes

£57.9m

The past year has delivered significant housing investment for a wide range of services, and the 2023/24 public sector housing investment totalled £1.13 billion for Northern Ireland.

Northern Ireland 2023/24 Public Sector Housing Spend (£m)

Source: NIHE

Notes:

1. Planned Maintenance work (Planned, Cyclical, and MS running costs) spend was £74.35m and Stock Improvement Spend was £9.53m.
2. Please note figure includes year end accrual adjustments.
3. Supporting People NI spend includes Special Needs Management Allowance and Accrual/Accounting Adjustments which are not included in the Council breakdown.
4. Affordable Warmth spend was £14.36m and Boiler Replacement spend was £0.14m. Please note figures include year end accrual adjustments.
5. Tenancy Sustainment funding awarded in January 2024, covering 16 projects lasting between 12 months and 36 months in duration. Note 3 projects run across multiple council areas.
6. The Temporary Accommodation figure includes centralised costs, which are currently under review and other spend (including block booked single lets) which cannot be broken down by Council area, totalling £14.46m.
7. Investment in new build is the total cost of schemes starting in the programme year, but which may be spent over more than one year.
8. ERDF - European Regional Development Fund - funding to 'improve thermal efficiency' in The Housing Executive Stock.

The Housing Executive will continue to deliver significant housing investment across a wide range of services, with the planned 2024/25 public sector housing spend totalling £820.95m for Northern Ireland.

Northern Ireland 2024/25 Projected Public Sector Housing Spend (£m)

Source: NIHE

Notes:

1. Planned Maintenance work (Planned, Cyclical, and MS running costs) projected spend is £101.48m and Stock Improvement Spend is £53.76m.
 2. Private sector Grants are demand led, so actual spend may differ from projections.
 3. Please note this figure reflects initial 2024/25 budget allocations from DfC and could be subject to change following future monitoring round processes. The Boiler replacement scheme was closed to new applicants from 21st September 2023 following instruction from DfC and for this reason received no funding in 2024/25. Affordable Warmth schemes are demand led, so actual spend may differ from projections.
 4. Housing Benefit investment figure is an estimate and is dependent on the pace of the Move to Universal Credit programme which is led by DfC. The 2024/25 budget remains indicative, but no material changes are anticipated.
- It is not possible to provide projections for 2024/25 community development budget at NI level - community development is made up of three funding streams: community grants, community safety and community cohesion, which are demand led. These funding streams vary across each Council area and there are a number of applications pending, or yet to be received.
- Investment in new build projected spend is not available.
- It is expected that Temporary Accommodation spend will continue to increase in 2024/25 as a result of increasing demand.
- The ERDF programme concluded in December 2023 and therefore no further requirement is included for 2024/25.

In Causeway Coast and Glens District Council in 2023/24, the Housing Executive:

Managed 6,454

Source: NIHE

Notes:

1. Planned Maintenance work (Planned, Cyclical, and MS running costs) spend was £5.24m and Stock Improvement Spend was minus £-0.01m (negative figure). Negative investment figures arise where year-end accrual estimates for work in progress at the previous financial year end are greater than the amounts subsequently paid in the following financial year and there is no other expenditure for this category in the following financial year.
2. Please note figure includes year end accrual adjustments.
3. Affordable Warmth spend was £1.56m and Boiler Replacement spend was £7k. Please note figures include year-end accrual adjustments.
4. Temporary accommodation costs refer to the Local Council from which the applicant presented (originating Council area) rather than the Local Council area to which the placement was made.
5. Investment in new build is the total cost of schemes starting in the programme year, but which may be spent over more than one year.
6. ERDF – European Regional Development Fund – funding to ‘improve thermal efficiency’ in Housing Executive Stock. The ERDF programme concluded in December 2023.

The Housing Executive will continue to deliver significant housing investment across a wide range of services, with the planned 2024/25 public sector housing spend in Causeway Coast and Glens totalling £30.57m.

Causeway Coast and Glens Council 2024/25 Projected Public Sector Housing Spend (£m)

Source: NIHE

Notes:

- 1. Planned Maintenance work (Planned, Cyclical, and MS running costs) projected spend is £10.06m and Stock Improvement Spend is £1.88m.
 - 2. Private Sector Grants are demand led, so actual spend may differ from projections.
 - 3. Affordable warmth schemes are demand led, so actual spend may differ from projections.
- It is not possible to provide projections for 2024/25 community development budget by Council area - community development is made up of three funding streams: community grants, community safety and community cohesion, which are demand led. These funding streams vary across each Council area and there are a number of applications pending, or yet to be received.
- Investment in new build projected spend is not available.
- The ERDF programme concluded in December 2023 and therefore no further requirement is included for 2024/25.
- Due to the impacts of the Move to Universal Credit, it is not possible to accurately predict housing benefit spend at LGD level for 2024/25.
- Tenancy Sustainment awards to successful applicants will be made from December 2024 onwards - therefore projected 2024/25 spend by Council area is not possible.

Foreword

Welcome to the Northern Ireland Housing Executive's Housing Investment Plan (HIP), which reports on progress made over the past twelve months and sets out our ambitions for 2024/25.

The plan covers the wide range of responsibilities across our Strategic Housing Authority role and as a public landlord. Through the plan you will see the impact of our work and the breadth of housing programmes and services that we provide in each council area. With an annual budget of approximately £1.2bn, our economic impact is hugely significant.

I am pleased to say that we will continue to increase investment in our own housing stock, with a £288m planned to be spent in improving over 25,000 homes in 2024/25 - a significant increase on last year, where we spent £209m, demonstrating our commitment to investing in our tenants' homes.

We will also progress our innovative approach of making our properties more sustainable, to reduce emissions and tenants' heating costs. Over 10,000 of our homes will have energy efficiency work undertaken this year. As part of this we will further roll out our Low Carbon Retrofit Programme of 300 properties, which sees important collaboration with the construction industry in insulating our tenants' homes but also in piloting smarter heating systems.

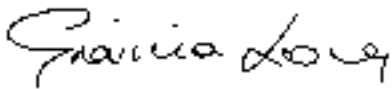

While we are pleased to be able to invest in improving our own housing stock, the current budgetary environment in which we operate will severely curtail our ability to deliver Strategic Housing Authority programmes and services. We are very much aware of the public finance challenges for Northern Ireland, and particularly the financial constraints facing the Department for Communities. You will see clearly in this plan the adverse impact the proposed budget will have on housing output in 2024/25 - most starkly in the reduction in the number of new build social homes we are able to commission across all council areas.

During 2024/25 over
10,000
of our homes will have
energy efficiency
work undertaken

We are especially concerned that we are not able to fully fund many of the programmes needed by so many of our customers; such as homelessness prevention and Affordable Warmth. As a community planning partner, we take a strategic approach to investment, basing it on housing need and aligning it to the ambitions of each council. Despite budgetary pressures we are committed to play our part in delivering the social, economic and environmental benefits in each council area.

The Housing Executive takes great pride in the partnerships that we have built with councils, and I look forward to working together as we deliver against our shared goal of providing better places to live for the people and communities we serve.

Grainia Long
CHIEF EXECUTIVE

Introduction

Welcome to the first of two annual updates of the 'Housing Investment Plan (HIP) 2023/2026'. The Housing Executive is statutorily required under the 1981 Housing Order to report to Councils on its past year's performance (2023/24) and proposals for the current business year (2024/25). As with the parent plan, this update is aligned to the [3 year Corporate Strategy](#) (2022/23 -2024/25) and its associated set of strategic priorities.

The HIP 2023/26 and this annual update are also aligned to the outcomes of each Council's Community Plan to show how our work supports the delivery of the Plan's objectives. We look forward to continuing to contribute to shaping the future of housing in each Council area with our Community Planning partners.

This annual update should be read in conjunction with the parent plan [Causeway Coast and Glens Housing Investment Plan 2023-2026](#).

Part 1 below is the Strategic Context, focusing specifically on achievements during the 2023/24 business year in respect of the Housing Executive's suite of Strategies, Programmes and Action Plans as the Strategic Housing Authority for Northern Ireland and a landlord at scale. Please refer to last year's parent Plan for further background and links to relevant documents and related additional reference material.

Part 2 sets out the local context and outcomes tables of locally specific Housing Executive performance over the last year against Council's Community Planning objectives.

Overview

Across Northern Ireland in 2023/24, the Housing Executive achieved a significant amount as summarised below.

Across Northern Ireland in 2023/24 we:

83,000

Managed over 83,000 social homes

5,700

Allocated over 5,700 homes

805

Approved 805 Disabled facilities grants

£83.88m

Invested £83.88m in Planned Maintenance and Stock Improvement

1,508

Started 1,508 new social homes

£470m

Paid out £470m in Housing Benefit

£304.3m

Invested £304.3m in new build social homes

19,000

Provided over 19,000 housing support places to the most vulnerable through the Supporting People Programme and invested £78.75m

355

Sold 355 homes

£57.9m

Approximately £57.9m was invested in our Rural Communities

Part 1 - Strategic Context

This annual update should be read in conjunction with the parent Housing Investment Plan 2023/2026, which set out the range of interrelated strategies and programmes which impact on the daily lives of the Housing Executive's customers and tenants and underpin much of the work that the Housing Executive do.

Also in this section, aligning with the Corporate and Business Plan, we present our strategies and key programmes of work that have been progressed over the last year under the six strategic priorities. This work has impacted across the community and the environment and continues to inform the work of the Community Planning Partnerships.

Housing Executive Revitalisation

Following commitments in New Decade New Approach and in the Minister for Communities statement in November 2020, the Housing Executive continues to work with the Department for Communities (DfC) in progressing the Revitalisation Programme. This will consider and assess options to meet the investment challenge through a revitalised strategic housing authority and a sustainable social landlord that can maintain and provide good quality and affordable social homes for current tenants and future generations. The programme has been examining options that limit change and which ensure that the Housing Executive remains dedicated to the essential public service of social housing and that its role as the Strategic Housing Authority is strengthened.

Work on Revitalisation is continuing between DfC and the Housing Executive and the Minister for Communities Gordon Lyons MLA has been briefed on work to date. He has outlined his commitment to the programme, speaking in the NI Assembly he said: "there are not many real game changers in this place, but one that we can have for Northern Ireland is the transformation of the Housing Executive's borrowing powers. That would be good for two reasons. The first is that it would be able to build more social homes. The second is that it would be able to renovate or refurbish social homes as well. At this point, we are in real danger of allowing some of our existing stock to simply become uninhabitable. I absolutely want to see that change."

Housing for All

This year saw management of the 'Housing for All' Shared Housing Programme transfer to the Housing Executive from DfC with plans to further develop this successful partnership for the Good Relations programme in the coming years.

The 'Housing for All' Shared Housing Programme has its origins in the Northern Ireland Executive Together: Building a United Community Strategy which reflects the Executive's commitment to improving community relations and continuing the journey towards a more united and shared society.

The Programme now supports 12 Housing Associations working across 77 developments with a total of 2,490 units. Forty four developments have completed and are now celebrated as Shared, with another 33 under development or programmed to start.

The benefits of shared housing however extend far beyond those 2,490 units as the Housing Associations work with 32 Local Advisory Groups across the shared housing communities. The Advisory Groups support the development and delivery of Good Relations Plans which benefit many communities and individuals who live within a five mile radius of the new development.

The coming year will see development of a business plan, initially focused on raising awareness of the programme and strengthening links with our Community Planning partners, Advisory Groups and others across the shared housing communities and beyond, to deliver investment and innovation which supports safe, confident, shared communities.

Sustainable Development

The work of the Housing Executive has long been associated with sustainable practices and continues to endeavour to make a difference to help to sustain the environment for future generations. The key focus is on improving the lives of the people in our communities and making the planet a better place, which aligns with our Strategic Vision of Making a Difference. Our work ranges from providing land for community allotments and gardens, planting of open spaces, to energy efficiency interventions for Housing Executive stock and reporting on home energy conservation across the residential sector.

During 2023, the Housing Executive commenced work on six new build homes, the first in more than 24 years, using Modern Methods of Construction and ultra-low energy building techniques to Passive House standards. It is anticipated that these homes will be completed by August 2024. Once again, in 2023, the Housing Executive achieved Platinum award status in the annual Business in the Community NI (BITC) Environmental Benchmarking Survey.

Emerging issues Impacting on Housing

Supply

As measured by building control inspections, there were 5,995 new dwelling starts in 2023/24, a marginal decrease (-0.9%) by comparison with 2022/23, but some way off the 2018-19 high of 8,400. The majority of all dwelling starts (5,289; 88%) were in the private sector, with the remainder (706) being in the social sector. While the number of starts remained relatively static, the total number of new dwelling completions fell by 15.5%, from 6,412 in 2022-23 to 5,418 in 2023/24: the lowest overall number of completions since 2015/16. Again, the total is also substantially lower than the number of new dwellings completed in 2018/19 (7,800). Almost nine in every ten dwelling completions (4,818; 88.9%) were in the private sector, with the remainder (600; 11.1%) in the social sector.

Rents

The latest Rent Index Report (H2 2023) indicates unprecedented average rents and ongoing challenges related to rental inventory, affordability and tenure and alternative accommodation options. Average rents across Northern Ireland saw an annual increase of 9.1% to £849 per month. The average monthly rent across the Belfast City Council Area (BCCA) increased by 8.4% in annual terms to £949 per month and outside of Belfast, the average LGD rent stood at £784 per month - an annual increase of 10.6%. The number of rental transactions (c5,800) is around half of the number of rental transactions (c11,500) being reported at the start of the of the Rent Index (H1 2015). This is indicative of the longer term downward trend in the number of rental transactions and shows that supply constraints continue to impact the rental sector, with considerable implications for tenants and tenure choice.

Cost of living

Northern Ireland has the UK's lowest discretionary disposable income, and local households spend disproportionately higher amounts of their income on energy, food and fuel relative to the rest of the country, so the country is particularly impacted by the cost of living crisis. Recent research conducted by YouGov on behalf of the Trussell Trust, revealed that 14,000 (9%) people claiming Universal Credit in Northern Ireland used a food bank during the period December 2023-January 2024.

Construction industry & Labour market

Some pressures are still apparent within the construction industry. The Construction Employers Federation Northern Ireland survey found that 60% said that their profit margins had either stayed the same or worsened since 2022. Problems with materials shortages are now largely resolved, however, some inflationary issues still remain. Going forward, the key challenges identified included: political uncertainty/no functioning Executive (which has been since superseded by the restoration of an Executive), lack of pipeline in Northern Ireland, access to skilled labour and inflation.

The 2023 employment rate in Northern Ireland was estimated at 73.6%, an increase of 1.7 percentage points from the previous year (71.9%). The unemployment rate remained unchanged from 2022 to 2023 at 2.2%, although this has decreased significantly by 5.1 percentage points over the decade.

House prices

The housing market across 2023 showed remarkable price resilience against the waning economic climate and uncertainty within the mortgage market. The average price of a dwelling in Q1 2024 was £206,754 (2.4% annual increase). House prices in Northern Ireland continue to demonstrate the relatively stable pricing structure that has been evident for the last three years. Alongside this, the latest House Price Index (Q1 2024) reported that there has been an increase in buyer enquiries over the quarter and signs of increasing consumer confidence.

Inflation & Interest rates

UK inflation peaked at 11.1% in October 2022 and remained high until April 2023 where a downward trend commenced (8.7% April 2023). With further easing of inflation to 3.2% in March 2024, and the Bank of England base rate remaining stable at 5.25% for three consecutive quarters, some commentators predict that interest rates will decrease during the second half of 2024.

Temporary Accommodation

The Housing Executive continues to face a sustained increase in demand for temporary accommodation with the 11,368 placements provided in 2023-24 representing a 151% increase in demand from the 4,527 placements in 2019/20. This increase in demand has resulted in significant additional funding pressures with a spend of £34.4m required to meet our statutory duties for temporary accommodation in 2023/24.

In recognition of the challenges presented by the above statistics, the Housing Executive is committed to a range of actions that seek to address the challenges of increased demand and budgetary challenges. In addressing specific challenges on use of non-standard usage, the Housing Executive has initiated a Housing Solutions Task and Finish Group which is making progress in exploring options for alternative and more financially sustainable options for temporary accommodation. In addressing longer term goals on temporary accommodation, the Housing Executive develops annual action plans to support the delivery of our Homelessness Strategy 2022/27 and Strategic Action Plan for Temporary Accommodation with these action plans containing 42 and 25 actions respectively for 2023/24. The Year 3 action plans, guiding delivery of our strategic objectives in 2024/25, have been developed with engagement from sectoral partners on our Central Homelessness Forum.

Strategic Priority 1

Taking the lead role as the Strategic Housing Authority, we will work with our partners to increase social housing supply to help meet identified need

Workstream	2023/24 Update on progress
<p>Affordable Housing/ Social Housing Market Analysis (SHMA)</p>	<p>The Housing Executive continues to work with Department for Communities (DfC) to progress Intermediate Rent housing. A key part of our work is to provide an Intermediate Rent housing need assessment. A draft Intermediate Rent need assessment has been prepared and gained corporate approval in May 2024.</p> <p>Although no intermediate rent units have been developed to date, DfC launched a competition from May 2024 to August 2024 to award funding to support the development of a new supply of Intermediate Rent homes.</p>
<p>Asset Management Strategy</p>	<p>The temporary strategic investment approach agreed with the Department remains in place, which is aimed at maximising our stock available for letting in the face of high and rising housing need. Work continues via the Housing Executive Revitalisation Programme on developing a sustainable funding solution to meet our stock investment requirements.</p> <p>One of the issues that the Housing Executive will increasingly face in the coming years will be the refurbishment of flat blocks, many of which include high numbers of leasehold properties. Experience with recent schemes indicates that many leaseholders could face difficulties in meeting their contribution to the cost of the works that would be required by the provisions of our flat lease. Consequently, the Housing Executive has introduced a number of options to assist in the delivery of high value planned schemes of works. These options include the voluntary sale of the property back to the Housing Executive and Deferred Payment Agreements, the terms of which are dependent on leaseholder circumstances.</p>
<p>Housing Supply Strategy</p>	<p>The Land Acquisition Business Case was approved by the Housing Executive Board in January 2023 and by DfC in October 2023. Project recommendation was also approved by Regional Services Board in March 2024.</p> <p>Construction has commenced on a Pilot Programme of New Build Housing using Methods of Modern Construction (MMC).</p>
<p>Land Asset Management Strategy (LAM)</p>	<p>Year 1 of the LAM Strategy Action Plan included 22 high-level priorities with 30 associated actions for implementation during 2023/2024. Work was completed or is ongoing in respect of 19 high-level priorities and 26 associated actions. Work on three high-level priorities and four associated actions has yet to commence and will be carried forward into Year 2 of the Strategy.</p>

Workstream	2023/24 Update on progress
<p>Local Development Plans (LDP)</p>	<p>The Public Hearing sessions as part of the Derry and Strabane LDP Plan Strategy were carried out in September and October 2023. The Housing Executive attended sessions on the Plan Strategy and Housing topics, including affordable housing.</p> <p>Four Local Development Plan Strategies have now been adopted for Belfast, Fermanagh and Omagh, Lisburn and Castlereagh City Council and Mid and East Antrim. We continue to work with these Councils on the production of Supplementary Planning Guidance, implementation of the Plan Strategies and in the preparation of the Local Policies Plans. Antrim & Newtownabbey and Derry & Strabane Draft Plan Strategies were subject to Independent Examination by the PAC in June 2022 and September/October 2023 respectively. The Housing Executive attended Public Hearing sessions on the Plan Strategies and housing topics, including affordable housing. The PAC Independent Examination reports for Antrim & Newtownabbey and Derry & Strabane’s Draft Plan Strategies have been forwarded to the Department for Infrastructure for review. We continue to assist Ards and North Down, Newry, Mourne and Down, Causeway Coast and Glens and Armagh, Banbridge and Craigavon on the preparation of their draft Plan Strategies and await the Independent Examination of Mid Ulster’s Draft Plan Strategy.</p>
<p>Social Housing Development Programme (SHDP)</p>	<p>The key SHDP targets for 2023/2024 year were to deliver a minimum of 1,500 Social Housing Starts and 1,400 Completions. There was also a target for 10% of General Needs New Build Social Housing Starts to be designed in line with Wheelchair Design Standards; and for 12.8% of all New Social Housing Starts to be in Rural locations.</p> <p>At the end of March 2024, the SHDP out-turn position was confirmed as follows:</p> <ul style="list-style-type: none"> • 1,508 New Social Housing Starts; • 1,403 New Social Housing Completions; • 113 New Social Housing Wheelchair Starts (8% of General Needs New Build Starts); • 117 New Rural Social Housing Starts (8% of total Starts).

Strategic Priority 2

As NI’s largest landlord, we will help NI meet its emissions targets, address the impact of climate change and help sustain and protect our environment for future generations

Workstream	2023/24 Update on progress
Sustainable Development Strategy	<p>The Action Plan for period 2022/2027 is underway across all five pillars.</p> <p>Some highlights of progress against the plan include:</p> <ul style="list-style-type: none"> • Education & Empowerment: over 1,800 staff have undertaken Carbon Literacy Training to the end of March 2024 (this is a mixture of facilitated sessions and e-learning package); • Education & Empowerment: the new Energy Savings interactive tool was launched in collaboration with the Energy Savings trust and will help householders lower their energy bills and make their home more comfortable; • Health & Wellbeing: Over 10,000 trees planted in the 2023/24 planting season against a target of 5,500; • Sustainable Transport: From May 2023, Direct Labour Organisation have introduced 10 electric vans into their fleet through an investment of over £400,000; • Sustainable Transport: Collaboration with local Councils continues on a pilot Electric Vehicle charging point scheme; • Built Environment: The Rural-Led Energy Transition (RULET) Pilot Project is complete on 10 homes; • Built Environment: 300 Low Carbon Programme commenced onsite in January 2024 with homes in Strabane, Dunmurry, Sion Mills, Dungannon and Antrim areas receiving upgrades; • Built Environment: Construction of six new low carbon homes commenced onsite in 2023; • Sustainable Communities: £200k budget allocated for social enterprise grants in 2023/2024; • Sustainable Communities: From April 2023 to March 2024, the Oil Savings Network facilitated a total of 15,012 tentative orders, amounting to over 4,067,050 litres of oil. Average savings per 200ls is £20.; • Governance: Organisation Climate Adaptation Plan is underway and is due to complete by the end of 2024.
Modern Methods of Construction / Low Energy Pilot	<p>Housing Executive’s innovative scheme for six Passive House homes at Ballysillan started on site in November 2023 and is anticipated to be completed in summer 2024.</p>
Cavity Wall Insulation (CWI)	<p>Following the launch of our CWI Action Plan in March 2022, the Housing Executive has developed a new extraction/refill process and has replaced CWI in a small number of their homes through a range of schemes. The Housing Executive has also prepared an initial CWI replacement programme that will see such work undertaken to some 9,000 homes in the next three years.</p>
NI Energy Advice Service and Oil Savings Network Service	<p>From April 2023 to March 2024, the Oil Savings Network facilitated a total of 15,012 tentative orders, amounting to over 4,067,050 litres of oil.</p>

Workstream	2023/24 Update on progress
<p>Rural-Led Energy Transition (RULET)</p>	<p>The RULET is an innovative retrofit whole house approach pilot with ten similar social houses, led by the Housing Executive and Ulster University.</p> <p>The pilot commenced in spring 2022 to test the deployment of:</p> <ul style="list-style-type: none"> a) Improved energy efficiency measures; b) Low carbon heating systems focused on electrification; c) Tariff change, initially focused on time of use and dynamic tariffs. <p>The following was installed or introduced in homes in Omagh:</p> <ul style="list-style-type: none"> a) Improved energy efficiency measures: a fundamental aspect of the retrofit focused on improving the insulation of both walls and windows within the dwellings. By enhancing the thermal performance of these structural elements, the initiative aimed to minimise heat loss and bolster overall energy efficiency. b) Low carbon heating systems: An Air Source Heat Pump (ASHP) and thermal battery were installed in four houses and the remaining six houses had a hybrid boiler, being either a Hydrogenated Vegetable Oil (HVO) and ASHP boiler or a gas and ASHP boiler. c) Tariff change: initially focused on time of use and dynamic tariffs. <p>300 Low Carbon Retrofit Programme:</p> <p>In February 2024 the Housing Executive announced the commencement of their 300 Low Carbon Retrofit Programme: Within the Housing Executive’s Sustainable Development Strategy Action there is a work-stream to ‘Deliver 300-unit low carbon retrofit programme to test energy efficiency, low carbon heating, tariff and behaviour change. The objectives of the 300-unit low carbon retrofit programme are:</p> <ul style="list-style-type: none"> • Provide a clear evidence base and key learning points to ensure the Housing Executive will provide decarbonised retrofitted solutions via its Landlord and Private Sector Investment business areas. This will align with the Climate Change Act (Northern Ireland) 2022 and is anticipated to be part of the first Residential Climate Action Plan for the period 2023/2027. It will help address fuel poverty by reducing household energy bills and provide healthier homes. • Through an evidence based pilot over two years, to inform the proposed Landlord Decarbonised Heating Policy by 2026 in order to commence delivery of decarbonised retrofit at scale by 2026/27 in line with the Sustainable Development Strategy and Action Plan. <p>300 Low Carbon Retrofit Programme follows a ‘whole house approach’ to achieve the desired outcome of reducing carbon emissions, reducing householder bills and providing healthier homes through a combination of the following interventions:</p> <ul style="list-style-type: none"> • Improved energy efficiency measures through retrofitting; • Low carbon heating options, principally air source heat pumps (ASHP), with options for biomethane and hybrid; • Improved ‘time of use’ electricity tariff options; • Improved householder education to effect behaviour change; • Renewable energy for power generation and electric storage.

European Regional Development Fund (ERDF)	1,406 dwellings were completed by December 2023 as agreed with DfC, achieving over the agreed minimum acceptable target of 1,367.

Strategic Priority 3

As NI’s largest landlord, we will invest around £1,700m (2022/23 -2024/25) into our local economy, through our housing services, construction activity and employment opportunities, and through our support for the health, voluntary and community sectors. In the same period we will process circa. £1,148m in Housing Benefit across public and private housing tenures

<p>Social Enterprise Strategy</p>	<p>The Social Enterprise Plus Programme invested just under £200,000 (£198,457) during 2023/2024 into 26 social enterprises within our communities. Awards were up to a maximum of £10,000.</p> <p>Awards opened in April 2023, with awards being made in September. The focus of the awards was based on the three main strategy objectives:</p> <ul style="list-style-type: none"> 1) Strengthen our communities; 2) Improve our customers economic wellbeing; and 3) Work in partnership with others. <p>For the remaining year of the strategy (2024/2025) it is envisaged there will be an investment of £150,000. The funding programme launched in April 2024. Preparations are underway for the development of a new Social Enterprise Strategy for 2025 onwards.</p>
<p>Supporting People Strategic Plan and COVID-19 Recovery Plan 2022-25</p>	<p>This is the second year of the Supporting People Three Year Strategic Plan and Covid 19 Recovery Plan 2022-2025. In 2023/24, the Supporting People distributed £78.75m as grant funding to service providers towards expenditure incurred by them in the provision of housing related support services.</p> <p>While there has been progress towards meeting the four main objectives, this has been curtailed by a lack of additional budget. Instead, there has been a focus on reconfiguration and reorganisation of existing schemes rather than the creation of new schemes.</p> <p>The Supporting People Team will continue in the third and final year of the strategy to seek innovative ways to meet the strategic objectives. Supporting People continue to utilise a progress and monitoring framework to internally track progress against each of the actions.</p>

<p>Welfare Reform/ Financial Inclusion</p>	<p>Since April 2023, the Housing Executive has:</p> <ul style="list-style-type: none"> • Worked closely with DfC in preparation for Move to Universal Credit. • Established a detailed internal plan to provide help and support for circa 10,000 the Housing Executive households who will be invited to move from Housing Benefit to Universal Credit throughout the 2024/25 financial year. As a result, the Welfare Benefits Unit have established a dedicated Move to Universal Credit team to provide critical support for frontline staff. • Continued to communicate with staff and customers regarding relevant welfare changes via social media, publications such as Quid’s In and Streets Ahead, letter, text messaging, and via our Housing Community Network links. • Verified Universal Credit housing costs for nearly 6,000 Housing Executive tenants. Over 24k tenants are now receiving help with their housing costs from Universal Credit. • Offered Making Your Money Work services to over 9,000 tenants in need of advice and assistance at key points in their tenancy journey in order to improve financial wellbeing. As a result, 59% of tenants are better off due to receiving more help with their housing costs. • Launched a new five-year Financial Inclusion Strategy and an associated yearly action plan. The action plan will be reported against yearly to the Housing Executive board, and to the Housing Community Network. • Expanded the work undertaken by the Financial Inclusion team to include proactive contact with vulnerable tenants. Over 580 tenants over the state pension age have had their benefits maximised during 2023/24. • Maximised the income of over 4,200 tenants through our Financial Inclusion Managers who have established over £2.2 million in extra benefit entitlement. <p>Link to the Financial Inclusion Strategy: The Housing Executive - Financial Inclusion Strategy (nihe.gov.uk)</p>
<p>Tower Blocks</p>	<p>The demolition of Monkscoole House in Rathcoole was completed in 2023. Clearance has progressed well in the other blocks for which the Housing Executive has Departmental approval for demolition. Latharna and Kilbroney have been fully cleared, while Rathmoyne, Coolmoyne and Clarawood are almost cleared bar a small number of remaining residents, and the Housing Executive is currently preparing demolition schemes for all of these blocks. Clearance continues in Belvoir, Breda, Ross and Mount Vernon. The Housing Executive is reviewing the improvement proposals for the Long Term blocks.</p>

<p>Community Cohesion Strategy</p>	<p>The Housing Executive has set up a working group, made up from representatives from the Central Housing Forum and staff from the Community Involvement and Cohesion Team. We co-designed a pre-consultation process and members of the working group facilitated workshops with members of the Housing Community Network across several locations in Northern Ireland. This helped the working group design the new strategy, which seen the amalgamation of both the Community Involvement Strategy and the Community Cohesion Strategy into one composite document.</p> <p>This was followed by a 12-week public consultation process, where again members of the working group co-designed what the consultation process would look like. They in turn facilitated over several community consultations and a staff consultation. The closing date for the public consultation process was 5th July 2024 and the new Community Involvement & Cohesion Strategy will be launched at the Community Conference on the 23rd of October 2024 in the Tullyglass Hotel in Ballymena.</p> <p>Terms of Reference have been signed off by Central Housing Forum and the Chief Executive and has been implemented. It has also been adopted by the Housing Community Network and all Housing Community Networks have agreed and signed off their Terms of Reference.</p>
<p>Community Safety Strategy</p>	<p>The Housing Executive’s Community Safety Strategy 2020/2023 ‘Working Together for Safer Communities’ aims to make our communities safe and welcoming by addressing community safety issues and anti-social behaviour.</p> <p>Following Tenant and Customer Services Board Committee (T&CSC) approval, the Community Safety Strategy “Working Together for Safer Communities 2020/2023” and the associated Action Plan has been extended until the end of 2024. This was to allow the Housing Executive to take account of a review of Anti-Social Behaviour legislation, a review of Hate Crime legislation (led by Department of Justice), and potential subsequent legislative changes. Work on the new Strategy has commenced including pre-consultation. It is anticipated the new Strategy will be in place at the end of 2024.</p> <p>We continue to work with other agencies, groups, and tenants to deal with anti-social behaviour.</p>

<p>Homelessness Strategy & Homelessness Services</p>	<p>The Homelessness Strategy 2022/27 Year-1-Annual-Progress-Report-2022-2023 has been published. The Report outlines the actions delivered during the first year of the Homelessness Strategy, highlighting key achievements including Homelessness Awareness Week 2022, working together with those with lived experience of homelessness, collaborative work carried out together with our Homelessness Local Area Groups and with various organisations such as the Centre for Homelessness Impact.</p> <p>The Homelessness Strategy Year 2 Action Plan contains 42 actions which focuses on the enablers and three key objectives of the strategy. Several of the actions have evolved from the first year of the Strategy and continue to be delivered as part of the Year 2 Action Plan. The Year 2 Action Plan is published on the Housing Executive website Homelessness-Strategy-2022-27-Year-2-Action-Plan.</p> <p>Several key projects which were carried out during the second year of the Homelessness Strategy included a Street Needs Audit in Belfast, Derry/Londonderry and Newry to identify the levels of street activity and rough sleeping in the three cities across Northern Ireland.</p> <p>As part of the prioritisation of the Homelessness Strategy 2022/27, to ensure that those with lived experience of homelessness can contribute to the development and delivery of services, there have been significant efforts to develop an outline of a Lived Experience Programme, with further developments to take place alongside our partners during Year 3 of the Strategy.</p> <p>The Housing Executive has also been working closely with the Centre for Homelessness Impact to deliver an Ending Homelessness Data Framework for Northern Ireland and a Value for Money report in respect of temporary accommodation.</p> <p>In addition, the Year 3 Action has been developed alongside our partners who are represented on the Central Homelessness Forum and the action plan is anticipated to be published in July 2024.</p>

<p>Fundamental Review of Allocations (FRA)</p>	<p>Following the successful delivery of Stage 1 and implementation of the first group of changes to the Housing Selection Scheme and allocations process in Northern Ireland in January 2023, the Fundamental Review of Allocations Implementation Project has progressed Stage 2 delivery throughout 2023/24.</p> <p>Implementation of the second group of proposals was planned for the end of 2023 and work has been completed, however, this Stage has been extended into Q1 of 2024/25 pending the necessary approvals. These proposals are as follows:</p> <ul style="list-style-type: none"> • Proposal 6 - Greater use of mutual exchange service; • Proposals 12 and 14 - Social landlords should be able to make multiple offers directly and to as many applicants as they think necessary; • Proposals 17 and 18 - Withhold consent for policy assignments/ successions to general needs and adapted accommodation. <p>The Project continues to progress longer term proposals including the investigation of the future provision for victims of violence and those at risk/under threat of intimidation / violence, including victims of domestic abuse, within the Selection Scheme (Proposal 7). The Project commissioned independent research which was undertaken during 2023/24 and the draft research report was received by the end of March 2024. This report will provide an evidential basis to inform an options appraisal and proposed way forward which the Project Team are undertaking for the Minister’s consideration.</p> <p>The implementation of the FRA changes requires new IT solutions. Stage 2 of the Project involved the development and delivery of a reassessment tool and data store solution during 2023/24 which will facilitate the reassessment of all households on the waiting list which is planned for Stage 3 of the Project. The Project Team are continuing to progress the configuration and development of a new Housing Allocations module which will deliver the FRA changes to the housing needs assessment, waiting list management, matching, offers and allocations processes. New IT solutions will also provide an online customer Portal and digital application form.</p> <p>A Communication and Stakeholder Engagement Strategy is in place and the Project is working closely with a Stakeholder Advisory Group and Housing Associations to achieve the best possible outcomes for customers and social housing landlords.</p> <p>The Project is subject to annual budget rounds and has been required to ‘work at risk’ throughout 2023-24. The ability to deliver subsequent Stages of the Project is dependent on funding being made available.</p> <p>More information on the FRA Implementation Project can be found on the Housing Executive’s website at:</p> <p>The Housing Executive - Fundamental Review of Allocations (nihe.gov.uk)</p>

<p>Strategic Action Plan for Temporary Accommodation</p>	<p>Demand for temporary accommodation continued to grow significantly in 2023/24. Accordingly, increasing the supply of temporary accommodation has been a key priority.</p> <p>Temporary accommodation supply has increased via additional single lets, the repurposing of void Housing Executive stock and the use of void Housing Association properties. The Housing Executive has also sought to maximise the capacity of the temporary accommodation portfolio by routine monitoring of occupancy and void information.</p> <p>Work has progressed on the development of a long-term leasing model for temporary accommodation.</p>
<p>Accessible Housing Register (AHR)</p>	<p>Work is ongoing to collate the Housing Executive accessible data and to date a total of 18,398 properties have been surveyed and assigned an AHR classification code. A total of 16,961 Housing Association properties have been assigned an AHR classification. A further 14,200 Housing Association property records have been cleansed and arrangement will be put in place to classify same. Work continues to build the pool of AHR data.</p> <p>Private Sector Interface: Disability Action carried out a scoping exercise in conjunction with Property Pal and disabled service users to identify key accessible property attributes. An initial report was completed as part of the Onsite Project.</p>
<p>Building Safety</p>	<p>In preparation for the introduction of new Legislation following the introduction of the Building Safety Act in England, and as per the IRG Report Recommendation the Building Safety Team in collaboration with University of Ulster/FireSERT has undertaken a critical review of the facades of the Housing Executive High Risk Residential Buildings. All blocks have been surveyed externally to identify materials and construction forms and laboratory tests have been completed to determine the reaction of façade system in selected buildings to fire/flame and analyses and comparison against Fire Safety and Legislation.</p> <p>All fire tests are completed and the final part of the research project which involves real fire tests was completed in July 2024 and the final report is due in September 2024.</p> <p>In conjunction with this critical review of the facades, the Building Safety Team has commissioned a specialist resource to complete a Fire Risk Appraisal of External Walls (FRAEW) in accordance with PAS 9980:2022 of the four Housing Executive High Risk Residential Buildings with cladding systems. The aim of this is to assess the risk to occupants from fire spread and to determine whether remediation or other mitigating measures to address the risk is required. A FRAEW has been completed to Carnet House and several observations are being addressed via the contractor who installed the system. The Appraisal of the cladding system on other three blocks is due to commence in September 2024.</p> <p>The Business Case for the retrofit installation of sprinklers in 23 of the Housing Executive’s High Risk Residential Buildings has been approved by the DfC. The procurement for the installation of sprinklers to the five cladded blocks has been completed with one tenderer submitting a price list offer on 8th February 2024. A review of the price submission indicates that costs are significantly higher than the initial estimates. A review of the cost submission is currently being undertaken and cost comparisons made with new available frameworks to determine value for money of the submission.</p>

<p>Building Safety continued</p>	<p>The building Safety Team has developed a Resident Engagement Strategy which has been approved by the Executive Team. The Strategy aims to complement existing means of resident engagement and sets out new and enhanced ways of partnership working not only to meet the safety needs of residents but to involve residents more effectively in the delivery of services to ensure the safety of both residents and buildings.</p> <p>The Building Safety Team have commenced resident consultation in Carnet House, Divis Tower and the New Lodge Tower Blocks with the aim of establishing Building Safety Forums. This is a means of embedding engagement within all building safety in ways that suit the individual and deliver meaningful and outcome-focused resident involvement where they can influence and shape our current and future services.</p>
<p>Traveller Accommodation</p>	<p>The Irish Travellers Accommodation Needs Assessment research has now completed. The Irish Travellers Policy Unit (ITPU) are in the process of developing a new system to record Applications for Irish Travellers wishing to apply for Serviced sites. This data will be required for the proposed new Irish Travellers Accommodation Needs Assessment.</p> <p>The Housing Executive continue to work with The Irish Government Housing Agency to research transitory living across the whole of Ireland. There are no new updates on the review of internal Housing Executive policies to improve services delivered to Irish Travellers in Northern Ireland. Work continues with the redevelopment of two existing Irish Traveller Sites.</p>
<p>Rural Strategy & Action Plan</p>	<p>A Year 2 Annual Progress Report for the Housing Executive’s Rural Strategy and Action Plan 2021/25 ‘Reaching Rural’ was published in March 2024 and is available at: Reaching Rural - Rural strategy & Action Plan Annual Progress Report 2022-2023 (nihe.gov.uk)</p> <p>Year 3 of ‘Reaching Rural’ was completed during 2023-24, with progress made against all the actions in the Action Plan.</p> <p>We delivered a range of positive outcomes for our rural customers during Year 3, including:</p> <ul style="list-style-type: none"> • 75 new social housing units were started in rural areas, supporting the sustainability of these communities. This represented 5.0% of the overall SHDP out-turn of 1,508 starts, against the strategic rural target of 12.8%. The continued shortfall emphasises the ongoing challenges of delivering new housing in rural communities. • A Rural Housing Steering Group, including representatives from Department for Communities, Department of Agriculture, Environment and Rural Affairs, the Housing Executive, and Land & Property Services continued to explore the barriers to rural housing development. Rural public land that may be suitable for social housing was reviewed, and research was commissioned during 2023/24 to consider the barriers and opportunities to rural development. • We completed nine Housing Need Tests during 2023/24 to uncover hidden housing need in rural areas, engaging with key stakeholders including community groups and representatives, Community Planning partnerships, local elected representatives, and Housing Associations. Tests were delivered at the following locations: Ardboe, Ballinderry, Burnfoot, Gulladuff, Lislagan, Moneyglass, Moortown, Spa and Tamnaherin. • At an awards networking event in Coleraine, prizes were presented to the winning community groups and individuals of the 2023 Rural Community Awards, to recognise their achievements and contribution to rural communities. The winners were from Ballintoy, Drumnakilly, Dungiven, Millisle, Newtownstewart and Rouskey.

<p>Customer Charter</p>	<p>The Housing Executive aims to provide excellent services for all our customers. Customer needs are at the centre of everything that we do, and our goal is to meet those needs to a high standard of quality and performance.</p> <p>Our Customer Charter and Service Standards help us to understand our customers’ experiences and improve our services.</p> <p>Our Customer Charter sets out how we aim to treat our customers when they interact with us:</p> <ul style="list-style-type: none"> • in the office; • by telephone; • when they request information from us; • when they make a complaint. <p>We publish our results each year.</p>
<p>Older People’s Housing Strategy</p>	<p>Our Older People’s Housing Strategy 2021/22 - 2025/26 considers the changing demography of Northern Ireland, including our own tenant profile and aims to ensure the services and activities that the Housing Executive delivers, considers, and meets the needs of our ageing population.</p> <p>The Strategy is set out under the following four key themes:</p> <ul style="list-style-type: none"> • Planning for the future; • Promoting and maintaining dignity; • Providing housing advice for older people; and • Promoting participation. <p>We are in Year four of the plan and will provide regular updates against our objectives over the duration of the Strategy.</p> <p>We are confident that through our own expertise, and, working with a range of partners and stakeholders, we will achieve our objectives and improve housing related services for older people across Northern Ireland.</p>

<p>Fundamental Review of the Private Rented Sector (PRS)</p>	<p>The Department has taken account of the views of stakeholders and is in the process of developing a robust Equality Impact Assessment to inform the drafting of regulations on exceptions. Subject to Minister’s approval, we hope to be in the position to begin consultation on the draft regulations and associated impact assessment mid-summer.</p> <p>A report was laid in the Assembly by 27th October (the deadline set out in the Private Tenancies Act).</p> <p>Formal consultation on the draft alarms and electrical safety regulations and guidance took place between 13th September 2023 and 6th December 2023. There was broad agreement on the content of regulations and guidance, with later amendments focused on ensuring the implementation of the legislation works in the context of council enforcement powers.</p> <p>It is hoped that the smoke, heat, and carbon monoxide alarm regulations will come into force mid-2024, with electrical safety regulations later on in the year. Initial scoping suggests this work may take up to three or four years to complete, as it involves complex considerations which cut across the remits of several Departments. This includes issues, such as, financial assistance that may be required to help bring properties up to set standards. It will also have to be taken forward in the context of wider work around fitness standards.</p> <p>The Department has commissioned research to inform potential regulation of letting agent practices and fees. The Department has also commenced work to transfer the operation of Landlord Registration to councils.</p>

Strategic Priority 6

Supporting our roles as both Strategic Housing Authority and NI’s largest landlord, we will be an employer of choice and deliver high quality services for all in NI’s increasingly diverse community

Workstream	2023/24 Update on progress
<p>Annual Research Programme</p>	<p>While the scope to commission new research was limited by revenue funding restrictions, work continued on committed and statutory projects, particularly the House Condition Survey. Fieldwork commenced in late spring 2023 and ended in the autumn. Work on data validation and quality assurance will progress in 2024, with the aim of publishing.</p> <p>A preliminary report on Northern Ireland’s dwelling stock and tenure by the end of 2024/25.</p> <p>Work also continued on house prices and rents research in association with Ulster University, various strands of tenant/customer research, and strategy evaluations, with several reports published during the year (see further reading).</p> <p>Subject to the availability of funding, the research programme for 2024/25 comprises projects to meet a range of needs in relation to issues including homelessness, Supporting People, and Irish Traveller housing need.</p>
<p>Hate Harassment Toolkit</p>	<p>Hate Crime Awareness week was 14th - 21st October 2023.</p> <p>During that week the Housing Executive encouraged key partners and communities affected by hate crime to work together to tackle hate crime. Via a weeklong social media campaign, we:</p> <ul style="list-style-type: none"> • Promoted our Hate Harassment Toolkit, which was developed in partnership with other organisations to provide customers, staff, community groups, professionals, and the public with a wide range of information and advice about Hate Harassment; • Shared content from other agencies on our social media feeds; and • Encouraged anyone who witnesses or is a victim of hate crime to report it. <p>Hate harassment can be loosely defined as harassment, intimidation, or abuse on the grounds of actual or perceived ethnicity, sexual orientation, gender identity, religion, political opinion, and disability.</p> <p>Examples of hate harassment, intimidation or abuse may include but are not limited to:</p> <ul style="list-style-type: none"> • Assault; • Verbal abuse such as offensive remarks and insulting comments; • Abusive or insulting graffiti; • Attacks on people or property.

Part 2 - Local Context

This local update is focused on the Housing Executive's achievements and performance during 2023/24 in relation to the Causeway Coast and Glens Council area and looks forward to next year and the remaining Plan period to 2026, and working in partnership with the Council to meet our business objectives and assist the implementation of Community Planning goals.

It should be read in conjunction with Part One – Strategic Context of this update report and the parent [Causeway Coast and Glens Housing Investment Plan 2023-26](#).

New Public Art Illuminates Housing Executive Offices at Abbey Street, Coleraine

Strategic Priority 4: As the Strategic Housing Authority, we will work with our partners to deliver innovative housing solutions for our customers to help reduce poverty and improve health & well being.

A stunning new art installation of a striking, burning candle image titled 'Illuminate' by artist Friz, has been installed on the gable wall of the Abbey Street office, as part of the Coleraine Revitalise project. This project is funded by the Department for Communities and delivered by Causeway Coast and Glens Borough Council, one of our key statutory partners in community planning.

The Housing Executive's Causeway Area Manager Mark Alexander said, "I am delighted we were able to help with the creation of this vibrant piece of public art. This work is a visually powerful yet poignant example of art's ability to make us stop and think. It also points to Coleraine's fascinating history."

"In addition, 60 other businesses in Coleraine have benefitted from the wider Coleraine Revitalise Scheme to enhance their shop frontages, including replacement signage, windows and repainting the exteriors."

Strategic Priority 3: As NI's largest landlord, we will invest around £1,700m (2022/23 – 2024/25) into our local economy, through our housing services, construction activity, and employment opportunities and through our support for the health, voluntary and community sectors.

Works were carried out to 23 Housing Executive properties in Dunloy, Rasharkin and Ballymoney by Hetherington Contractors, which included bathroom and kitchen refurbishments, rewiring, insulation, roof repairs and replacement of cladding.

Geraldine and Michael Crilly, tenants of McClelland Park for 35 years said, “We couldn’t be happier with the work done in our home”.

Mark Alexander, Housing Executive Area Manager in Causeway, Coast and Glens, “This scheme has noticeably transformed these properties inside and out. We regularly engage with our tenants across the Causeway area about any scheme work planned and are always happy to meet satisfied clients and hear what they have to say about our services”.

Housing Executive Spend

The past year has delivered significant housing investment for a wide range of services, and the 2023/24 public sector housing investment totalled £84.36m for Causeway Coast and Glens.

Causeway Coast and Glens Council 2023/24 Public Sector Housing Spend (£m)

Source: NIHE

Notes:

1. Planned Maintenance work (Planned, Cyclical, and MS running costs) spend was £5.24m and Stock Improvement Spend was minus £-0.01m (negative figure). Negative investment figures arise where year-end accrual estimates for work in progress at the previous financial year end are greater than the amounts subsequently paid in the following financial year and there is no other expenditure for this category in the following financial year.
2. Please note figure includes year end accrual adjustments.
3. Affordable Warmth spend was £1.56m and Boiler Replacement spend was £7k. Please note figures include year-end accrual adjustments.
4. Temporary accommodation costs refer to the Local Council from which the applicant presented (originating Council area) rather than the Local Council area to which the placement was made.
5. Investment in new build is the total cost of schemes starting in the programme year, but which may be spent over more than one year.
6. ERDF – European Regional Development Fund – funding to ‘improve thermal efficiency’ in Housing Executive Stock. The ERDF programme concluded in December 2023.

The Housing Executive will continue to deliver significant housing investment across a wide range of services, with the planned 2024/25 public sector housing spend in Causeway Coast and Glens totalling £30.57m.

Causeway Coast and Glens Council 2024/25 Projected Public Sector Housing Spend (£m)

Source: NIHE

Notes:

- 1. Planned Maintenance work (Planned, Cyclical, and MS running costs) projected spend is £10.06m and Stock Improvement Spend is £1.88m.
- 2. Private Sector Grants are demand led, so actual spend may differ from projections.
- 3. Affordable warmth schemes are demand led, so actual spend may differ from projections.

It is not possible to provide projections for 2024/25 community development budget by Council area - community development is made up of three funding streams: community grants, community safety and community cohesion, which are demand led. These funding streams vary across each Council area and there are a number of applications pending, or yet to be received.

Investment in new build projected spend is not available.

The ERDF programme concluded in December 2023 and therefore no further requirement is included for 2024/25.

Due to the impacts of the Move to Universal Credit, it is not possible to accurately predict housing benefit spend at LGD level for 2024/25.

Tenancy Sustainment awards to successful applicants will be made from December 2024 onwards - therefore projected 2024/25 spend by Council area is not possible.

Housing Benefit

 * Data for owner occupiers is unavailable for the 2020/21 and 2021/22 business years.

Universal Credit*

Source: NIHE & DfC
 * Universal Credit refers to Housing Executive tenants receiving the Housing Cost element of Universal Credit.

Out of a total £470m spend across Northern Ireland during 2023/24, £31.91m in housing benefit was administered by the Housing Executive for Causeway Coast and Glens (7% of total spend).

There were **2,883 Housing Executive tenants** receiving the **Housing Cost element of Universal Credit** in Causeway Coast and Glens at the end of March 2024

Social Housing Waiting List Trends

Source: NIHE

The requirement for new social housing in Causeway Coast and Glens has increased between 2023 and 2024.

The **five-year assessment** for 2023-28 shows a need for 1,638 units in Causeway Coast and Glens. Appendix 2 shows that the projected housing need is concentrated in the main towns

To address social need, the Housing Executive’s three-year Social Housing Development Programme (SHDP) has 664 housing units planned for 2024/25 to 2026/27.

During 2023/24, 43 homes were completed across Causeway Coast and Glens and 277 units were under construction at end of March 2024. See Appendix 3 for details of the programme, completions and on-site schemes.

Rural Areas

The Housing Executive will continue to work with rural communities to identify hidden or ‘latent’ housing need through rural housing needs tests. These rural locations will be determined following the annual review of the Housing Need Assessment and consideration is also given to requests from community representatives. During 2023/24, Site Identification Studies were completed for Ballycastle, Ballintoy and Bellarena and Rural Housing Needs Tests were completed for Lislagan and Burnfoot.

Housing for All

In Causeway Coast and Glens, five Housing for All developments have been completed and celebrated, with five additional potential schemes at pre-allocation stage. These developments are supported through six Advisory Groups which draw membership from local political representatives, local Council and Housing Executive Good Relations Officers, Third Sector and local sporting organisations. The Advisory Groups support the development and delivery of Good Relations Plans, which benefit many communities and individuals throughout the borough. The Shared Housing Programme presents an opportunity to strengthen partnership working, particularly in the delivery of the Causeway Coast and Glens Community Plan Outcome: 'A Healthy Safe Community - The Causeway Coast and Glens promotes and supports positive relationships'.

Homelessness

The number of households presenting as homeless in Causeway Coast and Glens Council increased slightly between March 2023 and March 2024 with 1,110 presenters by the end of March 2024, compared to 1,052 for the previous year. The number of those accepted as Full Duty Applicants also increased from 758 at March 2023 to 842 at March 2024, see Appendix 5.

There are a range of temporary accommodation options available in Causeway Coast and Glens. During 2023/24, the Housing Executive made 606 placements, which included 224 through the CRASH charity, 123 placements into voluntary sector hostels and 168 placements to Hotels/Bed and Breakfast.

Within Causeway Coast and Glens Council, £0.29m was spent on Temporary Accommodation during 2023/24.

Specialised Housing and Housing Support Services

Accessible Housing

Within Causeway Coast and Glens, there is an **identified social housing need** at March 2023 for **60 wheelchair units**

Adaptations

During 2023/24, the Housing Executive spent **£1.56m on adaptations** to their properties in Causeway Coast and Glens, see Appendix 4

Disabled Facilities Grants

During 2023/24, the Housing Executive approved **62 Disabled Facilities Grants** for private sector dwellings and completed 60. The approval value in Causeway Coast and Glens in 2023/24 was £0.93m, see Appendix 4

Supporting People

The Housing Executive, through the Supporting People Grant, funds 73 Housing Support Services across Causeway Coast and Glens Council area at a cost of £5m, providing housing support to 1,506 clients per year.

Community Planning

The Causeway Coast and Glens Borough Council published '[A Better Future Together: A Community Plan for Causeway Coast & Glens 2017-2030](#)' in June 2017. The Housing Executive is a statutory partner in Community Planning and we participated in the development of the original community plan and have contributed to the delivery plan review published in November 2022 and to Statements of Progress published in 2019 and 2021. Since last year's Housing Investment Plan (HIP), Council published their [Statement of Progress](#) in November 2023.

Our Place Shaping staff attend quarterly Community Planning meetings and lead on and contribute to a number of key actions within the delivery plan including key actions for chronic homelessness and meeting local affordable housing need within the Council area.

Local Multi-Agency Homelessness Action group chaired by our Area Manager provides a forum which actively promotes and facilitates multi – agency working to improve service delivery. The group also provides a forum to report progress on our Homelessness Strategy and Chronic Homeless action plans, to share information, and to develop new ideas in how to prevent homelessness.

We also lead an action to support a sustainable accessible environment by working with Registered Housing Associations to identify suitable sites and bring forward schemes to meet housing need in urban and rural areas.

Our HIP themes are complementary to many of Community Planning themes. This HIP has aligned our housing actions against Community Planning and this is shown in Appendix 1.

Further information on Community Planning in the Causeway Coast and Glens Council area can be found at [Community Planning - Causeway Coast & Glens Borough Council](#).

Local Development Plan

The Causeway Coast and Glens Local Development Plan (LDP) 2035 will replace the Northern Area Plan 2016 and the existing suite of Regional Planning Policy Statements. As the statutory development plan, the LDP will be the main policy vehicle to influence housing in the Borough for 15 years. It is a spatial reflection of the Council's Community Plan, and it is appropriate that the HIP is considered in the preparation of the LDP.

The LDP will address the amount of land needed for housing across the borough, in addition to setting out housing policy and objectives. When ratified, the LDP will be the statutory document for assessing future planning applications for housing.

The amount of land needed for new housing will be determined by:

- Housing Growth Indicators (HGIs);
- Allowance of existing commitments;
- Urban capacity studies;
- Strategic Housing Market Analysis;
- Housing Needs Assessment;
- Allowance for windfall housing sites; and
- Residual housing need.

The [Council's LDP 2035 revised timetable](#) was reviewed in March 2021. This timetable is currently being revised again and is under consideration with the Department for Infrastructure.

New Social Housing Scheme at Carnany Drive, Ballymoney

Strategic Priority 1: Taking the lead role as the Strategic Housing Authority, we will work with our partners to increase social housing supply to help meet identified need.

This new build scheme, which is currently on-site, will deliver five new social homes, including a bespoke wheelchair bungalow for a complex needs applicant. The scheme

is being delivered through Alpha Housing Association, under the Social Housing Development Programme, with an expected completion date within 2024/25.

This scheme will provide much required social housing in an area, which has high demand for quality homes and will be a much-welcomed addition to the area.

Rural Housing Needs Test completed at Lislagan

Strategic Priority 1: Taking the lead role as the Strategic Housing Authority, we will work with our partners to increase social housing supply to help meet identified need.

A Rural Housing Needs Test was conducted in July 2023 at Lislagan, which falls within the Bendooragh Common Landlord Area (CLA) to determine if there was 'hidden'/latent demand for social housing in this rural area.

This test contributes to our Community Planning action where the Housing Executive

will work with rural communities and community planning partners through Rural Housing Needs Tests. The rural location/s will be determined through engagement with Community Planning partners through a subgroup workshop to look at social housing need, select a target location and examine the possibility of piloting an online rural needs test through social media/email as well as the Housing Executive and community planning websites.

Nicole Lappin, Chair of the Housing Executive, with Wilbert Smyth, Cloughmills Men's Shed Supervisor at The Mill, Cloughmills

Housing Executive Chair's Causeway Visit at Cloughmills for Woodturning

Strategic Priority 4: As the Strategic Housing Authority, we will work with our partners to deliver innovative housing solutions for our customers to help reduce poverty and improve health & well being.

Nicole Lappin, Housing Executive Chair, enjoyed a day visiting staff and community projects funded by the Housing Executive in the Causeway area.

The Chair began her day with members of Cloughmills Community Action team at The Mill where she enjoyed sampling sweet and savoury homemade treats by the Incredible Edibles, one of various projects funded by the Housing Executive.

Nicole was delighted to meet with a host of volunteers and service users at The Mill where she saw demonstrations of woodturning completed by local residents.

There may be a discrepancy in calculation due to rounding.

* The Housing Executive administers grant aid on behalf of the Department for Communities and the programme is wholly reliant on the availability of Government funding. In recent years the Housing Executive has only received an allocation for mandatory Disabled Facilities and Repair Grants together with Ministerial priorities to support those in fuel poverty, including the Affordable Warmth Scheme. There has been a small allocation for discretionary grant aid - Home Repair Assistance, Renovation / Replacement - which has only allowed the Housing Executive to cover previously committed spend and new enquiries linked to a Disabled Facilities Grant.

Glossary

Affordable Housing	Affordable housing is: a) Social rented housing; or b) Intermediate housing for sale; or c) Intermediate housing for rent, that is provided outside of the general market, for those whose needs are not met by the market. Affordable housing which is funded by Government must remain affordable or alternatively there must be provision for the public subsidy to be repaid or recycled in the provision of new affordable housing.
Affordable Housing Fund	Administered by DfC, this finances an interest-free loan to housing associations, to fund the provision of new affordable homes and the refurbishment of empty homes.
Areas at Risk	This programme aims to intervene, by working with residents, in areas at risk of slipping into social or environmental decline.
Building Successful Communities (BSC)	Carried out in six pilot areas; this uses housing intervention to regenerate areas and reverse community decline.
Community Asset Transfer (CAT)	CAT provides for a change in management and/or ownership of land or buildings, from public bodies to communities.
Community Cohesion	Cohesive communities are communities where there is a sense of belonging, and there are positive relationships within the community, regardless of background.
Continuous Tenant Omnibus Survey (CTOS)	CTOS is an assessment of the attitudes of Housing Executive tenants.
Department for Communities (DfC)	A government department in Northern Ireland, which came into effect in May 2016 and replaced the Department for Social Development (DSD).
Disabled Facilities Grant (DFG)	A grant to help improve the home of a person with a disability who lives in the private sector to enable them to continue to live in their own home.
Discretionary Grants	Renovation, Replacement or Home Repair Assistance grants are grants that the Housing Executive may approve applications for assistance.
Equity Sharing	Equity sharing allows social housing tenants to buy part of their dwelling (starting at 25%). The remaining portion is rented from the Housing Executive or a registered housing association.
Floating Support	This support enables users to maintain or regain independence in their own homes. Floating support is not tied to the accommodation but is delivered to the individual users.

Fuel Poverty	A household is in fuel poverty if, in order to maintain an acceptable temperature throughout the home, they would have to spend more than 10% of their income on all household fuel.
Full Duty Applicant (FDA)	A Full Duty Applicant is a person to whom the Housing Executive owes a duty under Article 10 (2) of the Housing (NI) Order, 1988, to 'ensure that accommodation becomes available for his/her occupation'.
The Hate Incident Practical Action Scheme (HIPA)	The Housing Executive is responsible for the administration of the Hate Incident Practical Action (HIPA) Scheme. This is available across Northern Ireland to support victims of hate incidents in their home and can provide personal and home protection measures if the home has been damaged.
Home Energy Conservation Authority (HECA)	The Housing Executive is the HECA for Northern Ireland.
House in Multiple Occupation (HMO)	HMO is a house occupied by more than two qualifying persons, being persons who are not members of the same family.
House Sales Scheme	The House Sales Scheme gives eligible tenants of the Housing Executive the right to buy their property at a discount.
Household Types	<ul style="list-style-type: none"> • Single person - 1 person 16-59 years old • Older person - 1 or 2 persons aged 16 or over, at least 1 over 60 • Small adult - 2 persons 16-59 years old • Small family - 1 or 2 persons aged 16 or over, with 1 or 2 children • Large family - 1 or 2 persons aged 16 or over, and 3 or more children 0-15, or 3 or more persons 16 or over and 2 or more children aged 0-15 • Large adult - 3 or more persons aged 16 or over with or without 1 child aged 0-15
Housing for All	Having met the Together Building a United Community (TBUC) commitment of delivering 10 shared schemes, commitment will be continued through the Programme for Government to support the delivery of 200 units annually, through the Shared New Build Programme, re-branded as 'Housing for All'.
Housing Growth Indicators (HGI)	Figures contained in the Regional Development Strategy, to estimate the new dwelling requirement for council areas and the Belfast Metropolitan Urban Area for 2016-2030.
Housing Market Area	A housing market area is the geographic area within which the majority of households move, work and live.
Housing Market Assessment (HMA)	This is an evidence base for housing and planning policies, which examines the operation of housing market areas, including the characteristics of the housing market, how key factors work together and the potential housing need and demand on a cross tenure basis.

Housing Needs Assessment (HNA)	This is an assessment of local housing needs, primarily in relation to general needs social housing and wheelchair accessible accommodation.
Housing Stress	Applicants, on the waiting list, who have 30 points or above are considered to be in housing stress.
Intermediate Housing	Intermediate Housing currently consists of shared ownership housing provided through a registered housing association (e.g. Co-Ownership Housing Association) and helps eligible households who can afford a small mortgage, but cannot afford to buy a property outright. The property is split between part ownership by the householder and part social renting from the registered housing association. The new definition of affordable housing includes both intermediate housing for sale and intermediate housing for rent.
Landlord Registration scheme	Under the Landlord Registration Scheme Regulations (NI) 2014 all private landlords must provide accurate and up to date information about themselves and their properties to the Registrar.
Rural Housing Needs Test	Rural Housing Needs Test is a housing needs survey carried out in a rural area to assess any potential hidden need.
Mandatory Grants	Disabled Facilities Grants and Repair Grants are grants where the Housing Executive shall approve applications for assistance.
Neighbourhood Renewal	Government departments and agencies working in partnership to tackle disadvantage and deprivation.
NIFHA	Northern Ireland Federation of Housing Associations.
NISRA	Northern Ireland Statistics and Research Agency.
Oil Savings Network Scheme	Oil Savings Network is designed to help consumers reduce their costs by purchasing oil orders in bulk, as part of a group.
PCSPs	Policing and Community Safety Partnerships.
PPS	Planning Policy Statement.
PRSAS	Development of Private Rented Sector Access Scheme is a scheme which has direct contact with both a prospective tenant who is homeless or insecurely housed and a private sector landlord, and which assists both parties in establishing a tenancy.
Repossession	Repossession is where a court order has been granted ordering a debtor to hand back a property to a creditor where the property was either used as collateral (for a mortgage, loan or an unsecured debt or loan which has been secured by an order charging land) or rented or leased in a previous contract between the creditor and the debtor.
Supporting Communities Northern Ireland (SCNI)	Supporting Communities Northern Ireland provides training and funding for community groups.
Shared Housing	These are communities where people choose to live with others, regardless of their religion or race, in a neighbourhood that is safe and welcoming to all.

<p>Site Identification Study (SIS)</p>	<p>A Site Identification Study is a report which examines all undeveloped lands within a settlement which has consistent unmet housing need. The study, which is prepared by the Housing Executive’s Regional Place Shaping Teams, seeks to identify potential sites for the future development of social and intermediate housing.</p>
<p>Social Housing Development Programme (SHDP)</p>	<p>The SHDP provides grant funding to housing associations to build social housing. The programme is managed by the Housing Executive on a three-year rolling basis.</p>
<p>Social Enterprise</p>	<p>Social enterprises are businesses with primarily social objectives whose profits are reinvested to achieve these objectives in a community.</p>
<p>Social Rented Housing</p>	<p>Social Rented Housing is housing provided at an affordable rent by the Housing Executive and registered housing associations; that is, housing associations, which are registered and regulated by DfC as a social housing provider. Social rented accommodation is offered in accordance with the Common Selection Scheme, administered by the Housing Executive, prioritising households who are living in insecure or unsuitable accommodation.</p>
<p>Small Pockets of Deprivation (SPOD)</p>	<p>SPOD is a delivery vehicle for neighbourhood renewal.</p>
<p>Supported Housing</p>	<p>A term used to describe a range of both long and short-term accommodation provided for people who need an additional level of housing related support, to help them lead an independent life.</p>
<p>Supporting People Programme</p>	<p>The Supporting People Programme is designed to provide housing related support, to prevent difficulties that can typically lead to hospitalisation, homelessness or institutional care, and can aid a smooth transition to independent living, for those leaving an institutionalised environment.</p>
<p>Temporary Accommodation</p>	<p>The Housing Executive provides temporary accommodation in the form of Housing Executive hostels, voluntary sector hostels, leased premises (Dispersed Intensively Managed Emergency accommodation - DIME), single lets and non-standard accommodation (B&B/hotel) as and when required. B&Bs and hotels are used, when no other options are available, for a short duration.</p>
<p>Tenancy Deposit Scheme</p>	<p>When a tenant rents a property from a private landlord, they will usually pay a deposit. The private landlord must protect the deposit under the Tenancy Deposit Scheme. This scheme makes sure a tenant gets their deposit back when they move out if they have looked after the property and paid their rent.</p>
<p>Universal Credit</p>	<p>Universal Credit is a payment for people over 18, but under State Pension age that are on a low income or out of work. It includes support for the cost of housing (rent), children and childcare, as well as financial support for people with disabilities, carers and people too ill to work.</p>
<p>Welfare Reform</p>	<p>The term Welfare Reform is used to cover a wide range of changes to the social security (benefits) system. The main reforms that the Housing Executive have been involved with have included changes to Local Housing Allowance for Housing Benefit claimants living in the private rented sector, Universal Credit, Social Sector Size Criteria (Bedroom Tax) and the Benefit Cap.</p>
